Blue Cross Blue Shield Reportedly Dropping 367,000 Texans PPO Healthcare

August 24, 2015

August 24, 2015 - PRESSADVANTAGE -

Plano, Texas, August 25, 2015: It is reported that more than 367,000 Texans are facing the possibility of losing their health insurance coverage. Starting next year, Blue Cross Blue Shield of Texas will be dropping a popular PPO plan from its offerings, leaving hundreds of thousands of Texas residents without the health insurance coverage they need. To prevent a gap in coverage, a local Texas health insurance provider - Custom Health Plans, encourages these at-risk individuals to start shopping for new plans as soon as possible.

Because the Affordable Care Act makes it mandatory for individuals to be covered under a health plan, it's important for everyone to find the coverage they need. However, finding proper coverage at the right price can be difficult. Custom Health Plans takes great pride in helping their clients find the ideal health care plan at a cost they can afford.

With many Texans facing the loss of their coverage in just a few short months, Custom Health Plans is working hard to help these individuals find comparable coverage at a reasonable rate. This will ensure as few people as possible are left without coverage.

Anyone interested in learning about how Custom Health Plans is helping get these individuals covered can find out more by visiting their website or by calling 1-877-749-2241.

About Custom Health Plans: Custom Health Plans is a Texas health insurance brokerage dedicated to helping individuals find the most affordable health insurance options to best suit their needs. They work with a number of providers, giving them the ability to compare costs and help individuals choose the best plan for their money. They can help with all types of coverage, including individual, family, small business and short-term health insurance.
