

Tripp Brothers Emphasizes Importance Of Workplace Safety

May 27, 2020

May 27, 2020 - PRESSADVANTAGE -

As employees are starting to return to their workplaces, Tripp Brothers Non-Slip Treatments, the Best Floor Safety Professionals in Bluffton, SC, emphasized the importance of workplace safety. Health and safety should never be compromised, they added.

Office managers should take extra steps to ensure the safety of all employees as measures and efforts to contain the Covid-19 virus is still ongoing. There should be regular disinfection to ensure office sanitation. Employers must provide a mask and other personal protective equipment to their people. Promoting safe hygiene practices such as frequent hand washing, alcohol and hand sanitizer use, and covering when sneezing should also be a must in the workplace.

But besides adapting to the "new normal," one safety precaution that must also remain in place is floor safety. Even before the pandemic, slip and fall accidents have also claimed thousands of lives in the United States. It is considered as the second top cause of accidental deaths in the US. Businesses also spend \$30 billion yearly on slip and fall injuries or approximately \$3.5 million per hour.

To counter this, the Top Flooring Contractor in Bluffton, SC offers a non-slip product and services to ensure office safety. The floor safety expert only uses anti-slip coating chemicals from renowned Sure Step. Their anti-slip coat is a long-lasting chemical that creates an invisible, sophisticated tread design into the surface of hard mineral floors. This anti-slip coating is known to increase a surface's coefficient of friction by 200-400%, even when wet.

"Our product has been developed and proven for concrete, quarry tile, Spanish tile, ceramic tile, glazed brick, marble, terrazzo, porcelain/enamel, and many other hard mineral surfaces," adds Tripp Brothers Non-Slip Treatments. The flooring safety business also provides different non-slip flooring for all types of floors, including porcelain non-slip floor tiles, non-slip floor tiles for showers, non-slip kitchen flooring, and non-slip laminate flooring, among others.

Tripp Brothers Non-Slip Treatments employs experienced technicians that are highly-trained to cater to varied client needs. The Bluffton-based company is also a licensed business and assures the state to adhere to the rules and regulations. The company is also following the standards adopted by the American Society of Testing and Materials (ASTM).

The Best Non-Slip Floor Treatment in Bluffton, SC also caters to clients in Okatie and Hilton Head, SC. They also offer free and no-obligation quotations for those who need floor safety solutions.
