Fresno CA: Equity Assets Real Estate offers some of the best homes for sale in Sunnyside Country Club, Fresno. Recently in his blog, Equity Assets Real Estate owner Jason Nenadov discussed the different homes that this community has to offer to give homebuyers more reasons to consider buying in this community.

Golf course homes in Sunnyside Country Club are located in decades-old neighborhoods and are not built right on top of one another. There has been a growing desire for golf course homes in Sunnyside Country Club Fresno CA because they have character and are generally spacious.

Jason Nenadov said one of the strengths of Sunnyside Country Club homes is their neighborhood. The golf course started in 1911 so it features a well-established neighborhood.

?There is a growing desire out there for? homes where you can break wind on your back patio and your neighbor has no chance of hearing or smelling anything. To find such homes these days you may have to

journey into some older neighborhoods. Neighborhoods where the trees are mature and dominate the landscape. Neighborhoods that may be in a county island yet within the city limits,? he said.

According to Jason Nenadov, sales data over the recent months reveal how much homebuyers love the Sunnyside Country Club neighborhood. ?Starting from the largest sale in terms of size, there was a sale on 5641 E. Butler with a 5,424 sq. ft. a home that sold for $825,000. 5872 E. Park Dr. was the smallest sale in terms of home size at 2,100 sq. ft. and selling for $409,900. Now, the one on Butler was on a roughly 2.5-acre lot whereas the Parkside Dr. home?s lot was not even 17,000 sq. ft.,? he said, adding that homes along Butler Ave. are the most spectacular of all because they are close to the golf course.

He is honest and operates with integrity. The agent I will continue to use whenever I?m in the market.?
