

TantrumMobileSprayTans.com Announces Spray Tan Service Boca Raton FL

August 25, 2015

August 25, 2015 - PRESSADVANTAGE -

TantrumMobileSprayTans.com wanted to bring the safest and most professionally applied all natural spray tan in the industry to South Florida, and they've done it. Today Tantrum added spray tan Boca Raton to their service area. They offer a spray tan for any occasion from reunions to weddings, social events, important office parties, performances or simply to indulge oneself. Tantrum provides all the benefits of a beautiful spray tan right in their customers home, at their office or performance venue.

"UV tanning in beds are super risky! Today people are demanding a safer alternative, the spray tan is their answer. Our staff provides even natural results delivered to each customer with our proprietary natural solutions. Each of our staff have been trained and certified and all are equipt with commercial grade spray tan guns to deliver amazing glowing results," says Melinda Dixon, Owner of Tantrum Mobile Spray Tans.

"Tanning bed bulbs ultraviolet (UV) light, a known carcinogen, often at strengths 10 - 15 times stronger than midday sun exposure." This excerpt is from a report prepared for the House Committee on Energy and Commerce. The World Health Organization has listed " tanning beds as a dangerous form of cancer-causing radiation. In the United States non-melanoma skin cancer strikes about 2 million Americans annually, with 50% - 90% of all cases resulting from UV radiation." Source: WHO.

"Spray-tanning technology has come a long way from its beginnings 10 years ago, when people often complained of orange skin & short-lived, splotchy and sometimes even smelly results," per the Wall Street Journal.

"At Tantrum we use 100% natural solutions. Our trained and certified techs analyze every client's skin type. They discuss each clients desired results before they apply our spray tan solutions. Our clientele fall in love with their spray tan experience because the results leave them looking natural, even & most importantly...it's safe with no harmful side effects." says Miss Dixon, owner of TantrumMobileSprayTans.com.

According to TantrumMobileSprayTans.com, the professional staff offer a relaxing and pampered experience,

free from harmful side effects. The spray tan can be applied at their clients homes, in their offices, even at their performance venues and is natural and safe. The service is a perfect fit for busy pros on the go and health conscious individuals who don't want to use harsh tanning beds any longer. The risk of premature aging and skin cancer is just too great to not look for a smarter alternative.

Located in Royal Palm Beach, now serving Boca Raton and all Palm Beach County residents. Tantrum Mobile Spray Tans offers extraordinary spray tan packages. All their contact information is below.
