QTL Helps Residents Combat Financial Issues as Banks Adjust to New Normal

June 11, 2020

June 11, 2020 -
Qik Car Title Loans announces that they can help people overcome their financial issues as banks and other financial institutions adjust to the new normal due to the pandemic. As a result of the pandemic, banks have mostly shut down their lobbies where people usually transact with bank tellers. Because of the required physical distancing, there is now more emphasis on ATMs, drive-thru services, mobile banking, and other similar curbside services. The result is less ready access to cash for most people. Furthermore, people?s incomes have been severely affected by the pandemic as all non-essential businesses had to close. Not everyone can do their work at home, which means a significant reduction in income for many. Thus, there is an increase in the possibility of people running out of cash, which Qik Car Title Loans can help with. Those who want to know more about this can visit their website at qikcartitleloans.com.

Henry Jones, a spokesperson for Qik Car Title Loans, says, ?The emergency cash assistance that we can provide allows you to use your car as collateral, meaning if your car has enough value, you can use it to back your application. If you?re the sole owner of your car, you can get a certain amount using the value of your vehicle. For example, if you own a car that has a current market resale value of $10,000, you can get up to $10,000. What we offer is a great option if you?re unable to get the necessary funds from your bank, which has become even more difficult as banks adjust with the new normal and have to comply with physical distancing requirements.?

He continues, ?In most cases, a bank can take over a week just to look over your application and you end up losing precious time if they deny your application. However, Qik Car Title Loans can approve your application in under 15 minutes. Save yourself the time and get the cash you need right away, with our help.?

With the emergency cash assistance being offered by Qik Car Title Loans, it is not even necessary to have a good credit rating, unlike with banks and other financial institutions. All that the borrower has to do is transfer the car title to Qik Car Title Loans. And there?s no need to worry because the title will be transferred back to

the client once the amount has been paid in full. Those who are interested in learning more about this type of cash assistance can visit their web page at https://qikcartitleloans.com/faqs/.

An important advantage offered by Qik Car Title Loans is that they can approve an application in less than 15 minutes. This is in contrast to the bank and other financial institutions where it usually takes a week or more to get an approval. Also, there are much less requirements to get an approval. For instance, the applicant will just need to be at least 18 years of age and to have a monthly income of at least $1,500. Furthermore, the motor vehicle must not have any lien and has already been totally paid off, and it must have enough market value.

There are a number of possible reasons why people may want to take advantage of the cash assistance being offered Qik Car Title Loans. These include: flexible payment plans that can be easily modified based on the customer?s financial situation; the possibility of receiving the needed amount within the next business day; quick approval, where the applicant can find out within 15 minutes if the cash assistance can be provided; and the fact that the customer can still keep the motor vehicle and use it for transportation.

Those who are interested in learning more about the services being offered by Qik Car Title Loans may want to visit their website, contact them through the telephone or via email. Those who want to know more about the company can check out their previous releases at their media room at https://www.pressadvantage.com/organization/qik-car-title-loans-main.
