FTL Helps California Residents with Covid Relief

June 11, 2020

June 11, 2020 -
Family Title Loans (FTL) has announced that they are helping California residents get some relief from the financial issues that they are having due to the Covid pandemic. This is timely in view of the uncertain economic future of California cities as they face significant revenue shortfalls for the next two years or even longer. A League of California Cities analysis even revealed that the shortfall may grow as modified stay at home orders extend into the summer months and even beyond.

Even some frontliners like those offering public services and city staff may have to be temporarily out of work as cities try to cope with declining revenues. With people suffering reductions in income, their chance of not having enough cash to pay for bills increases. And this is where FTL may be able to help, allowing people to get some emergency cash with the help of their car or motor vehicle title. Those who are interested in learning more about FTL may want to the take a look at there recent press releases that can be found at https://www.pressadvantage.com/organization/family-title-loans.

A spokesperson from FTL says, ?We understand that life sometimes just 'happens' and all too often you may find yourself facing an unexpected financial hurdle in your path. The Covid-19 pandemic is something we never expected to happen but we need to face it despite the financial troubles it may bring us. At this point in time, even banks can't be relied on, not to mention the fact that they usually take a long time to examine your documents and come to a decision on whether to approve your application for financial assistance or not.?

He continues, ?At FTL, we have made the application process so much easier. You just need to make sure that you own a car and that you have the car title. You can file your application online at anytime, and we can approve your application in less than 15 minutes. You can simply fill out our online form and submit it to see if you qualify. In less than 15 minutes, you will know. And if you get our nod, simply gather the documents that are required. And the next step will be to get your money.?

Family Title Loans allows consumers to use their car title as collateral to get the amount that they need.

There would be no need to sell any of their belongings or touch their emergency cash reserves. They just need to make sure that there is sufficient equity in their motor vehicle, whether it is a car, an SUV, a pickup truck, or any other type of vehicle. Those interested can get more information by visiting the FTL website at https://familytitleloans.org/.

The spokesperson wants to stress that there are several factors that make FTL stand out among the crowd. First of all, there would be no up-front fees. They will never charge any up-front or hidden fees. And there would be no penalty for those who want to pay off the amount early. Second, customers will remain in custody of the vehicle and drive it like they used to. Third, there is not need to have a good credit rating, unlike with banks. Fourth, customers have access to several funding sources. Fifth, they have decades of experience in helping people get the cash that they need quickly by just using their car title. And finally, their friendly staff are always ready to help.

Those who have used their services have even expressed their satisfaction through testimonials. For instance, Arin R. has this to say, ?My friends had told me about Family Title Loans services and when I was short on cash I thought I would give it a chance. I was glad I did as one of their licensed vendors got me the money I need the same day!?

Those who would like to learn more about the financial assistance they may be able to get from FTL can check out their website, contact them on the telephone or through email. Or they may want to know more about the company by reading their recent press releases, such as the one found at https://www.pressadvantage.com/story/34522-ftl-helps-others-become-more-educated-via-their-education-program.
