

The Youth Fountain Promotes Wellness Throughout June With Special Pricing

June 11, 2020

June 11, 2020 -

Freehold, NJ based health and wellness clinic The Youth Fountain is extremely pleased to share that they are running a special Injection Day promotion throughout the month of June for select services. Given that the clinic had to shut down their services temporarily in the wake of the COVID-19 pandemic and the corresponding lockdown, they hope that their clients will take this opportunity as it is the clinic?s way of showing their appreciation for the community?s patience.

?We understand that many of our clients have been waiting to come in for their sessions for quite a while now,? says The Youth Fountain. ?No one wishes that we were able to remain open and able to see to your needs more than us. However, now that we are able to resume operations again with some degree of normalcy, we look forward to seeing you again very soon!? The clinic has been in operation since June 1st, and the Injection Day Special was launched when they opened their doors. Clients may schedule an appointment at any time during June in order to avail themselves of the limited pricing.

The services covered under the Injection Day Special are as follows: Jeuveau ($10/ unit), 2 syringes of Versa ($1050) and 10% off all Revision Skincare® treatments. Clients should be aware that Botox procedures are not included in this offer. As per current social distancing and health guidelines, the clinic advises their clients to call their customer service representatives or reach out through online channels in order to schedule their next appointment. Given that current circumstances require certain scheduling restrictions to be implemented in order to maintain the safety of both staff and clients, the clinic states that those who wish to take advantage of the Injection Day Special should contact them immediately in order to reserve their place. More information regarding the Special can be found on The Youth Fountain?s Facebook Page.

Clients may visit The Youth Fountain in order to experience a ?whole person? approach to their well being. Specializing in the best CoolSculpting, laser therapy, weight loss procedures and aesthetic services in the Freehold area, the clinic believes wholeheartedly in addressing their clients? concerns at a fundamental and comprehensive level. To that end, they seek to address the specific sources of any discomfort or unhappiness that their clients feel. According to the clinic, this is how their staff ensure that each patient receives the procedure and treatment they need rather than simply the one they believe they should have.

The Youth Fountain is a favorite among local patrons of the wellness industry due to their unwavering commitment to their clients? health and well being?and this community support is evident in many of their online reviews. For instance, Shannon Masterson shared a 5-Star review on the clinic?s Google Maps Listing which states that, ?The front desk, the assistant and the doctor were all wonderful! Everything was explained thoroughly. I felt comfortable asking all my questions.?

Materson?s review explains, ?Before the procedure was even started, I felt very informed. I also felt we were all on the same page regarding my goals and expectations. My comfort was an obvious priority to the doctor, and I was made to feel comfortable the entire time! I cannot say enough about how pleasant my first experience was at The Youth Fountain! I will certainly be returning, and I have already recommended the Youth Fountain to my friends and family!?

Another highly positive 5-Star review from Louisa Kipervas says, ?I am not one to write reviews but, in this case, I felt the need to share. This place is so great. The staff are so friendly. The doctors are amazing, knowledgeable and really care about results and how I feel. They don't overdo or over-recommend. The equipment is the newest and top of the line. I highly recommend them. Simply the best!?

More information regarding The Youth Fountain?s various services can be found on their official website. Dr. Shakov of The Youth Fountain is on hand should the clinic?s clients have any further inquiries. Similarly, social media users may reach out to the clinic on their preferred platforms, such as Facebook, in order to stay

up to date with the latest news, announcements and offers from The Youth Fountain.
