

# Announcing Updated Lakewood Emergency Water Damage Cleanup Services For Surrounding Area

*June 12, 2020*

June 12, 2020 - PRESSADVANTAGE -

Restoration Logistics has announced its updated services for emergency water damage cleanup in Lakewood, Colorado.

More information is available at <https://www.restoration-logistics.com>

The updated services from the Colorado company are available 24/7 for water, flood, and sewage cleanup. The company can attend a site within an hour, and their certified staff offers quick and affordable restoration around the Denver-Aurora-Lakewood metropolitan area.

Restoration Logistics was founded in 1986 and has over 32 years of experience in water and fire damage repair for homes and businesses. Using cutting-edge technology that is cost-effective and efficient, they understand the importance of acting fast to minimize property damage.

For emergency water damage, Restoration Logistics offers expert technicians for commercial and residential properties who can safely remove and extract water. Water damage can create issues such as bacteria and mold within furniture and drywall, and the company's cleanup services can fix these issues for their customers.

The Lakewood company also offers emergency flooding cleanup. They know that flooding is never planned, which is why the 24/7 service provides around the clock call-outs from their professional technicians. Their services can clean areas such as basements and crawlspaces, as well as cleaning flooring and carpets.

Restoration Logistics also offers emergency sewage cleanup for home and business owners. Sewage can be harmful if mishandled, and the Denver company can safely remove and clean up areas while protecting the health and safety of their customers.

A previous customer of Restoration Logistics said: "Everything was awesome from beginning to end. Their team took time so that there will be no more damage to my basement. I am a happy customer."

Restoration Logistics also has services for fire damage, mold removal, biohazard cleanups, and storm damage. The company offers free estimates and live chat support along with their 24/7 emergency services.

Interested parties can find more information by visiting the website mentioned above.
