

## **New Five-Star Review for Company Providing Roofing in Clinton Twp**

*June 16, 2020*

June 16, 2020 - PRESSADVANTAGE -

Miller's Home Improvement, a company providing roofing services in Clinton Township, Michigan, has revealed that they have received another glowing review from one of their customers. In this new five-star review, the roofing contractor performed the task of replacing the whole roof of a home, including a skylight. Ken Whitley, the homeowner who gave the five-star review, observed that the owner, Eric Miller, and his team were timely and Eric thoroughly discussed with him what needs to be done, and any minor issues were discussed and quickly resolved. And after the job was done, the team made sure that everything was cleaned up properly.

In his review, Ken Whitley said, "Eric and his team at Miller's Home Improvement did an exceptional job replacing our entire roof, including a skylight. We solicited multiple quotes, ultimately choosing Miller's Home Improvement based on others' recommendations. Eric was timely and thorough in communicating before, during, and after the project. Minor issues were professionally discussed and quickly addressed. Cleanup was immaculate on both days of the project."

The company can provide all types of roof repair services. First, they will provide a free roof inspection by

employing test methods that will show if there are any weak areas on the roof that could gradually become worse, particularly when subjected to strong winds and extreme weather. These include missing shingles, dents and bruises, and pulled-away downspouts. They have a wide array of experience in practically all kinds of residential and commercial roofing material repairs. They can handle shingles, torch-down membranes, EPDM, gutter repairs, TPO, downspout realignment, and metal roofs.

In response to the new Miller's Home Improvement customer review, Eric Miller says, "We feel really proud to have earned another five-star review from a customer who felt that the roof replacement service we provided was very satisfactory. Naturally, we welcome feedback from our customers, good or bad, because it tells us if we have been doing our job right. We're fully insured and licensed and we offer warranties for both labor and materials. We want to assure our customers that we are constantly finding ways to further improve our craft and our services so that they can have peace of mind knowing that the roof over their heads will adequately protect them and their properties."

For residential roofing, Miller's Home Improvement provides a number of services. These include roof repair, roof recovers, roof tear-offs and replacements, attic ventilation, and hail damage insurance assistance. For commercial roofing, they offer various services like roof repairs and roof installations and replacements.

The free roof inspection that they provide is designed to reveal any potential problems on the roof, such as dents and bruises, missing shingles, and pulled-away downspouts. While dents and bruises may easily be noticed by the homeowners themselves, roofing experts will look for those dents and bruised spots that have the highest potential for reducing the lifespan of the roof. And when there are missing shingles, these will need to be replaced as soon as possible because they may reduce roofing insulation quality and decrease roofing protection. And with regards to downspouts, these are essential in preventing ponding and making sure that water in the gutter will flow smoothly during a strong rain. The problem is that strong winds can get the downspout out of alignment and this may clog the downspout, which has to be resolved as early as possible.

There are a number of things that make Miller's Home Improvement stand out from the crowd. These include repair financing, long-time experience, and lifetime warranties. Because they thoroughly understand the high expense of roofing repairs or replacement, they offer competitive repair financing rates. They have been providing their services to homes in Detroit, Warren, Macomb, and neighboring areas for more than 30 years. And finally, they offer 30 to 50 years warranties on all labor and materials.

Homeowners who are in need of a company providing services for roofing in Clinton Twp, Michigan, may want to visit the Miller's Home Improvement website or contact them through the telephone, or via email.

They are open every day, from 9:00 am to 5:00 pm.
