

Savannah Car Accident Chiropractor Garners New Five Star Review

June 18, 2020

Savannah, Georgia - June 18, 2020 -

Arrowhead Clinic - Savannah, Georgia, has revealed with pride that they have received a new five star review from one of their patients. The patient was a car accident victim and was referred to Arrowhead Clinic. She felt that the clinic is worth recommending to her family and friends because of the kind of treatment that she received. The clinic offers its services to victims of motor vehicle accidents in Savannah. They recommend that accident victims should not leave their injuries untreated or delay their treatment because it could result in long-term problems. Seeing a chiropractor after car accident is essential in order to avoid unnecessary suffering.

Jacqueline Gilbert, the patient who gave Arrowhead Clinic in Savannah a five-star rating, said, "My first experience at Arrowhead I was referral for being in an accident. I was going to this clinic for about 2 weeks now. Queen & Ms. Lisa are very outstanding and awesome. And, I can't forget Dr. F, he is amazing. You will go there feeling zero percent down, but, once you start getting treatments he makes sure that you are 100 percent better before your graduation period. I would recommend Arrowhead Clinic to any of my friends and family.?"

Dr. Rachel Banks, one of the chiropractors at Arrowhead Clinic in Savannah, says, "We are really grateful for the five-star review provided by Jacqueline. We appreciate the recommendation and rest assured that we will continue to strive to do our best in providing chiropractic care to our patients so that their mobility and body functions are restored, thus allowing them to return to their normal healthy lives."

She explains, "Chiropractic care is a safe and natural treatment method that requires the use of spinal adjustment and manipulations. Spinal adjustments are precise manual or instrument-assisted adjustments that help to realign the spine and restore the body to its proper function and mobility."

The team of medical professionals at Arrowhead Clinic has substantial experience in treating various injuries that could be sustained by victims of auto accidents. These include neck pain, whiplash, back pain and spinal cord injuries, sprains and strains, and soft tissue injuries.

Dr. Banks wants to remind car accident victims not to wait too long to seek treatment because they could end up suffering from severe pain for a longer period of time. Also, some injuries like whiplash may not have any symptoms right after the accident but it doesn't mean that there is no injury. It's just that the pain and other symptoms are usually delayed. It could take hours or even days before the symptoms of whiplash are felt. When the symptoms do appear, they may be minimal but they will gradually worsen, particularly if treatment is not provided.

The first thing that Arrowhead Clinic in Savannah will do is provide patients with a free consultation with one of their car accident chiropractors. The chiropractor will inquire about the car crash, as well as ask questions regarding the patient's medical history. Next, a thorough examination will be performed, consisting of a full-body evaluation, x-rays, pain and palpitation testing, range of motion and joint testing, and neurological diagnostic testing.

It is after the exam that they will develop a customized treatment plan, after analyzing the findings. The chiropractor may prescribe a number of treatments and techniques. These include manual spinal adjustments, instrument-assisted spinal adjustments, physical therapy, spinal decompression therapy, electrical stimulation therapy, and exercise and stretching techniques.

Meanwhile, Arrowhead Clinic does not only offer treatment for car accident injuries. Other injuries treated include slip and fall injuries, work injuries, motorcycle accident injuries, truck accident injuries, bus accident injuries, Uber/Lyft accident injuries, neck pain, back pain, sciatica, hip pain, and headaches.

Those who are interested in the services of a car accident chiropractor in Savannah may want to check out

the Arrowhead Clinic - Savannah, website, or contact them through the telephone or via email. They are open from 9:00 am to 7:00 pm, from Monday to Friday.
