Pensacola, Fla. ? The coronavirus (COVID-19) is a huge concern for everyone around the world. Many experts recommend against wearing gloves, as this can increase the spread of germs. Gloves can also create a false sense of safety making. Awards Masters, a shop that sells mini trophies in Pensacola, FL, is highlighting a new safety product to prevent the use of gloves called the ?Touch Tool? to help the community stay safe.

The Touch Tool can be used in many ways, from opening doors to pressing your pin number in on a keypad. The innovative design helps to avoid touching surfaces that are commonly used. The Touch Tool is metal and easy to wipe off after use. The pricing is reasonable, and the small size allows the tool to be placed anywhere, including a purse or pocket.

The Touch Tool can also be personalized with a business logo or name. The new tool is perfect to help prevent the spread of COVID-19 in the community as it allows for people to touch less surfaces and they move around in their day to day life.

Awards Masters is a local shop specializing in medal engraving in Pensacola, FL. Awards Masters is family owned and has been working in the Pensacola community since the 80?s.
