Car Accident Chiropractor in Riverdale Receives Another Five Star Review

June 29, 2020

Riverdale, Georgia - June 29, 2020 -
Arrowhead Clinic - Riverdale, Georgia, has revealed that they have received another five-star review from one of their patients. The highly positive feedback came from Aurian Paramore, who noted the excellent quality of their customer service and their fast response time. Arrowhead Clinic has specialized in providing treatment for personal injuries in Georgia and Tennessee for more than 40 years. They have a team of chiropractic doctors and medical doctors who can document and treat the injury, which means that personal injury victims, such as car accident victims, may be able to file a claim for compensation.

In her five star review for Arrowhead Clinic in Riverdale, Aurian Paramore said, ?Customer service is great, and they are speedy. Wait times are always at a minimum. I had a great recovery. They made me feel much better than I did when I first started.?

Dr. Traci Autera, one of the chiropractors at Arrowhead Clinic in Riverdale, says, ?We?re certainly happy and proud to have received another five-star review. Although we have received so many five star reviews before, as evidenced by our overall rating of 5.0 stars in our Google Maps page after more than 700 reviews, it never fails to make us feel elated when we receive such kind words from one of our patients. Such a review tells us

that we are indeed doing things right, and we can promise everyone that we will continue to do so.?

She continues, ?For those who say they are ?looking for a car accident chiropractor near me,? your search is over. We provide chiropractic treatment that will not simply mask the pain that you?re suffering from but instead will correct the root cause of the issue. The result is you don?t have to keep taking pain relievers because the primary reason for the pain has been eliminated.?

The patients treated by the team of chiropractic doctors and medical doctors at Arrowhead Clinic in Riverdale are usually victims of car accidents. This is because car collisions can result in severe injuries. Getting the appropriate treatment is vital for the accident victim?s ultimate recovery.

Chiropractic care is a natural treatment approach that doesn?t require invasive treatment methods or prescription drugs. Instead, it is a safe and holistic approach to injury treatment. Chiropractors will provide spinal manipulations and adjustments with the goal of realigning the spine and restoring the body to its proper mobility and function.

Dr. Traci Autera says, ?At Arrowhead Clinic, we always advise victims suffering from an injury to seek treatment as soon as possible. The faster you are examined and treated, the better chance you will have at avoiding long-term pain and suffering. If you have a significant auto injury, chiropractors can help.?

The common car accident injuries that can be treated at Arrowhead Clinic in Riverdale include neck pain injury, back pain injury, head injury, and minor injuries. Neck pain injury includes whiplash, which is a common car accident injury. The problem with whiplash is that its symptoms are usually delayed such that victims may think they don?t have it. However, if it is not diagnosed early enough, it could lead to varying degrees of pain in the neck, upper back, or shoulders. It may also cause headaches and result in long-term pain and discomfort. A chiropractor will be able to accurately diagnose whiplash and provide the appropriate treatment because it causes unwanted pain symptoms.

Spinal cord injuries are also quite common as a result of a car crash. The impact of the collision usually results in a misalignment of the spine, which can cause severe back pain. Chiropractors will be able to treat such injuries by ensuring that the spinal cord is aligned properly, thus eliminating any pressure from nerve roots in the spine.

People who are looking for a chiropractor after car accident, may want to check out the Arrowhead Clinic - Riverdale website or contact them on the phone or through email. They are open from 9:00 am to 7:00 pm from Monday to Friday, and from 9:00 am to 2:00 pm on Saturdays.
