

Beltone a Hearing Loss Center in Lawrenceville, GA Launches Online Store

June 24, 2020

June 24, 2020 - PRESSADVANTAGE -

Lawrenceville, GA ? Beltone USA is a well-known hearing loss center in Lawrenceville, GA, and only one of many locations across the nation, representing the nation's top hearing care brand. The Beltone brand includes over 1,500 North American locations. The brand has announced recently the much-needed launch of a new shopping website: shop.Beltone.com. The creation of the new site is in direct correlation with the onset of the COVID-19 pandemic. Offering a large variety of options, the new site will provide purchase options for items such as hearing care attachments, TV streaming devices, general cleaning care products, remotes, charging devices, and batteries. The variety of options will be offered to help support those patients looking for ways to limit social interactions and protect the health of themselves and others.

Beltone USA is proud to be the largest hearing care retailer offering their patients an online experience, to protect the health of local communities. Beltone offers both authentic and direct- from-manufacturer solutions

to its patients in locations across the country. Beltone has even been able to provide services to patients in areas where a physical location is not present. The new Beltone site provides a secondary way for patients with hearing care needs to get essential hearing items and accessories without leaving the comfort and safety of their homes. Local hearing consultants in Lawrenceville, GA are proud to be able to provide this option to their patients.

?The COVID-19 Pandemic is clearly shaping new behaviors,? says Beltone President Mike Halloran. ?Especially among older consumers who are becoming more comfortable shopping online and who happen to be the majority of the patients we serve. We?ve built this site for them because they are asking for it.?

The online shopping store for Beltone will start by simply selling only accessories and supplies when first opening. Beltone patients will still be fitted and given the ability to buy hearing aids at physical store locations, such as the local Lawrenceville location. Once a patient has been fitted and purchased their hearing aid Beltone Remote Care Live will be offered to allow patients to consult with there hearing care professional via video calls. The Telehealth appointments can be made using the new shopping site or at Beltone.com. Telehealth provides patients with the ability to have adjustments and make hearing aid changes in real-time.

For more information about Beltones online store or the Lawrenceville, location give them a call at (770) 277-3913 or check them out online at www.beltoneusa.com.
