June 25, 2020 -

SUWANEE, Ga.- Specialty Engraving Company Inc., a high-quality award store in Suwanee, GA, is now offering customizable face masks.

As a proud Suwanee business, Specialty Engravings Company Inc. seeks to do everything they can to effectively serve the needs of their community. Amid the pandemic, Specialty Engravings is now offering custom face masks to help make it easier for people to practice necessary safety precautions. These face masks can be customized to everyone's taste, using words, colors, and graphics. Whether it is a business owner purchasing company-themed masks for his or her employees, or a mother getting fun matching masks for her children, Specialty Engravings is the go-to resource. The award store says that if wearing a mask is necessary during this time, why not wear a mask with style.

The price per mask is $19.95 if only a single mask is bought. However, there are five different bundle deals for those looking to buy masks in larger quantities. There is no additional charge for setting up the design of the face mask, and every mask is high-quality and washable. Some different ideas for mask designs include sports team colors and mascots, company logos, favorite brand names, clever or funny sayings, festive designs, America-themed designs, or college names and logos. One of the best ways to utilize this face mask offer is for a company to purchase a bundle of masks for each employee to wear at work so that all they look uniform and professional.
