

Skin Treatment Clinic in New York, NY Receives High Praise From Reviewer

July 06, 2020

July 06, 2020 - PRESSADVANTAGE -

New York, NY based Lena Skin Care NYC is delighted to share a recent review from a client who found herself extremely pleased with the service she received. As a skin care center that takes a great deal of pride in building developing relationships with their customers through a combination of reliable services and personalized attention, Lena Skin Care NYC is always happy to receive feedback on their work. As such, they express their gratitude to the reviewer, Celine, for sharing her thoughts on her skin treatment in New York, NY.

"I've been coming to Lena for seven years for facials and waxing and wouldn't think of going anywhere else," says Celine. "With Lena, it's quick and painless waxing, and no two facials are alike. She assesses the current state of your skin and personalizes the skin treatment for your needs. She goes above and beyond. Has all the latest professional state of the art gadgets that celebrity facialists have at a fraction of the cost. Last but not least, she's the most caring person you'll ever meet."

Such comments are hardly unheard of for the company. They assert that they have long known that the secret to their success lies in ensuring their clients are happy with their results. In order to achieve this, Lena Skin Care NYC takes steps to ensure that each and every person who walks through their doors receives the benefit of their undivided attention. During their initial appointments, for instance, a client may find that their attending skin care specialist will engage them in a frank discussion regarding their goals and the current issues they have with their skin. However simple or complex a treatment is, Lena Skin Care NYC asserts that they try to help each client enjoy the feeling of being thoroughly taken care of. From facials to spa services, all skin care treatments provided by Lena Skin Care NYC are conducted in a warm and welcoming atmosphere.

Celine is by no means the only client who has left a glowing review of Lena Skin Care NYC's services. She is accompanied by many others, on multiple platforms, which each boast near-perfect scores. It is notable

that these reviewers individually touch on the same positive aspects of the skin care center's work, including a gentle approach to every treatment, reasonable prices, the use of high-quality products and so on.

For instance, Gen's 5-Star Yelp review says, "Had my first facial with Lena today! She was absolutely delightful and great! She uses great products and makes you feel very comfortable. I'm usually very hesitant about going to a new technician for facials, because I don't like people messing with my super sensitive skin, but I had a great facial with Lena. She also gave me product samples to take home, which was a very nice touch."

Similarly, Melody's 5-Star review shares that, "I am such a Lena devotee. I think she's by far the best waxer in NYC, and I have tried many different waxers. I have tried finding someone closer to my job since it's hard to get to grand central from the South Village, but they all pale in comparison to the quality service. Lena is such a gem, I have brought many friends to her over the years. Her facials are pretty awesome too, I love the express one for when I am in a rush."

Lena Skin Care NYC provides skin care services for a wide variety of clients, including men, women and teenagers. Their loyal clients frequently stop by for facials, waxing, hair removal, microneedling, acne treatment and so on. The emphasis they place on comfort and their willingness to use only high quality products has made them a local favorite, and they are always ready to welcome new arrivals who are ready to take their skin care to the next level.
