

Lake Ozark Roofing Contractor Now Servicing Jefferson City, Missouri

July 02, 2020

July 02, 2020 - PRESSADVANTAGE -

Roof Lux, a Lake Ozark Roofing Contractor, has announced it is now offering their high-quality roofing services to the Jefferson City, MO community. Jefferson City residents now have access to the same professional roofing services the current clients of Roofing Lux rave about.

More information about Roof Lux service offerings in Jefferson City, MO can be found here: <https://rooflux.com/roofing-in-jefferson-city-mo-roof-lux-llc/>.

Roof damage can result in expensive repair work or even call for a complete roof replacement that can annihilate a homeowner's finances. The solution is to be proactive with an annual roof inspection from an experienced roofing company.

Using a roof professional for your roof's inspection can help avoid all sorts of costly issues. A roofer with solid credibility such as Roof Lux can reduce the chances of a failing roof causing major damage to property. Experienced roofers can identify issues before they spiral out of control. Working with a reputable roofing expert for the initial job will reduce the chances of annual roof inspections resulting in a host of problems. Additionally, professional roofers can offer the type of top quality work that results in a roof that stands the test of time, decreases risks of damage to your home, and eventually save money for homeowners.

A THOROUGH INSPECTION IS NECESSARY AT LEAST ONCE PER YEAR

According to professional roofing contractors, homeowners should have their roofs inspected at least once every year and immediately after major storms. In the end, a roof inspection can possibly save homeowners a lot of money and headaches.

Professional roofing companies such as Roof Lux offer high-quality roof inspections at no charge. This

professional inspection will be performed without add-on services or anything else involving costs and homeowners will be under no obligation to purchase any services or products.

ABOUT ROOF LUX

Roof Lux is a Veteran-owned roofing company based out of Lake Ozark, Missouri. Owner, Darrell Elliott, was an Army Tanker that was stationed in Germany for several years and was deployed 27 months to Iraq as well as a short deployment to Kosovo.

After being overseas for more than 6 years, he returned home to the Lake of the Ozarks and obtained his Bachelors? Degree in Business Management. Before joining the Army, Darrell grew up doing construction work. He recalls, "When other kids went to daycare, I went to the job site with my dad. As I got older construction was a natural fit."

Roof Lux owner Darrell Elliott began specializing in roofing and it did not take long before he realized the great need in Lake of the Ozarks for quality roofers. Darrell knew he could fill the gap with the professionalism he brings as a military veteran. "Do what you say you will do, and strive for the highest possible standards is the simple rule I apply to my business and customer service," states owner Darrell Elliott.
