

Coventry Invisalign Dentist Launches Virtual Consultation Special Discount Offer

July 16, 2020

July 16, 2020 -

Dr Chetan Mathias, principal cosmetic dentist at Verum Cosmetic Dentists in Coventry, United Kingdom, has launched a brand new Invisalign offer to fit the current times of social distancing.

Those patients who are finding it difficult to get an appointment for visiting a dental clinic to get teeth straightening for gappy or crooked teeth can take comfort in knowing that it is now possible to get a virtual consultation from the comfort of their home, without visiting a dental practice. All one needs is a mobile smart phone with a camera, which most people possess nowadays.

Dr Chetan Mathias, who is the principal cosmetic dentist at Verum Cosmetic Dentists, has launched a brand new remote dental consultation service. To make it even more attractive for prospect patients, Dr Mathias is also giving a £500 discount to all those who start their Invisalign treatment journey with a virtual consultation. Furthermore, he is also offering free teeth-whitening (worth £375) to all patients who commence their Invisalign treatment via the virtual remote eConsultation facility.

Patients seeking an Invisalign treatment can get started with the remote consultation by visiting the following link on the Verum Cosmetic Dentists website: http://www.verumcosmeticdentists.co.uk/virtual-consultation.

Despite the difficult times of social distancing, virtual consultations make it easier for anyone to get their dream smile. The following video describes how anyone can avail of the virtual dental consultation offer: https://www.youtube.com/watch?v=_SPnw9R4iso.

Without leaving home, a client seeking Invisalign treatment can get a free, no obligation virtual consultation with Dr Chetan Mathias, who has over a decade of experience as cosmetic dentist. Dr Mathias has been awarded the highest "Diamond Provider" status by the Invisalign company for successfully treating a large number of patients in Coventry. Because of the vast experience gathered, patients are in safe hands at Verum Cosmetic Dentists and Light Lane Dental Practice.

All a patient needs for their remote virtual eConsultation is a smart phone. They will be required to take a few pictures of their teeth. Every virtual consultation participant will receive simple and easy to understand instructions on how to take these photos of their teeth using their mobile phone.

After a review of the submitted photos, the patient will receive a personal dental assessment with treatment options as well as a free virtual consultation with Dr Mathias by simply using their mobile phone.

Affordable interest-free payment plans are also provided for Invisalign treatment and are subject to an application. Dr Mathias and his staff will inform and help patients seeking assistance for a payment plan.

Anyone in and around Coventry seeking advice through a virtual consultation is encourged to visit the links provided above. More videos about various dental treatments provided by Verum Cosmetic Dentists can be viewed here: http://www.youtube.com/channel/UC7ONbw_icc0y_7MPsFWo11A.
