

Lift Plastic Surgery Offers Breast Augmentation

July 13, 2020

July 13, 2020 - PRESSADVANTAGE -

Spring, Texas based Lift Plastic Surgery is reaching out to the wider community to announce that they provide breast augmentation services. Lift Plastic Surgery offers hand-tailored beauty goals, treatment plans and compassionate care with excellent results for residents across Texas.

Dr. Shitel D. Patel, MD, cosmetic surgeon and the founder and CEO of Lift Plastic Surgery, says, "At Lift Plastic Surgery, we believe that plastic surgery has the ability to change a person's life. A lot of the perceptions we have about ourselves have a lot to do with our looks, and the right procedure can boost your self-confidence and self-image. This is why, with every form of plastic surgery we offer, we use a powerful combination of the most advanced and safest technologies to achieve your dream results."

Dr. Patel continues, "There are many reasons why someone might want to augment their breasts. The first and the most obvious one is that it will enhance your appearance, such as if you think that your breasts are too small and so on. Breast augmentation can also help when there has been a reduction in the size of your breasts after a pregnancy. Similarly, if you've had a breast surgery and now have uneven breasts, that's also something you can take care of using breast augmentation. More than anything else, it can help you

improve your self-confidence. Whatever your reason, what's important is that Lift Plastic Surgery can help you.?

At Lift Plastic Surgery, Dr. Shitel D. Patel and Dr. Tuan A. Truong offer high quality breast augmentation services to patients in Houston and Webster, Texas that deliver natural-looking enhancement. The clinic provides saline implants, silicone implants and fat grafting options for breast augmentation, all three of which are established methods for augmenting breasts. However, according to the clinic, fat grafting is the best choice for those who want to ensure that the end result is a very natural shape.

In addition to breast augmentation services, Lift Plastic Surgery also offers a number of other services that include rhinoplasty, brow lifts, Emsculpts, mommy makeovers, breast reconstructions and more. Dr. Patel says, "At Lift Plastic Surgery, our philosophy is to form a close relationship with our patients to ensure that we understand each other. After all, plastic surgeries are life changing processes, and we want to give you the best results. When you come to us, we can assure you that our meticulous attention to detail will mean that you will leave our premises looking just as natural as you came in.?"

The quality and reliability of the services provided by Lift Plastic Surgery have earned the clinic a lot of praise from their patients. On the clinic's GMB listing, for instance, they have a near perfect rating of 4.8 out of 5 Stars. In a recent review, Westley Skidmore says, "Dr. Patel and staff were very friendly and helpful. I never had to wait, or had minimal wait time. They always made sure I understood the process and made me feel at ease. I would recommend it based on my experience.?"

In another review, Clint Alley says, "The most outstanding in-office surgery experience ever! Dr Patel knows his stuff! Very responsive to my needs and the nicest staff ever! If he gives you an opinion, count it as the best around. Compare others to his, and you will see the straight-forward simple clean approach he gives is the best option, I'm sure!?"

Meanwhile, Christian Roche says in her review, "I absolutely loved my experience. Dr. Patel is very professional, kind hearted and trustworthy. He has a great bedside manner and made my surgery a breeze. I definitely recommend Dr. Patel, he's an amazing surgeon. Thank you, Lift Plastic Surgery, for an overall amazing experience!?"

Those who want to learn more about Lift Plastic Surgery and their services are welcome to visit the clinic's website. They encourage interested parties to get in touch with Dr. Shitel D. Patel, MD directly via email or phone. The plastic surgery clinic can also be reached through the contact form on their website. Lift Plastic Surgery maintains a Facebook page where they frequently post updates, share media and communicate with

their patients.
