

# Revitalize You MD Breathes New Life Into Clients? Skin With Botox

*July 15, 2020*

July 15, 2020 -

Roswell, GA based Revitalize You MD is pleased to share that they are now available for new clients who wish to undergo Botox treatments. Botox is used for a variety of reasons in the beauty world, and Revitalize You MD is capable of employing this novel approach with great success on their clients? behalf.

One of the best known uses of Botox is the elimination of wrinkles. Also known as botulinum toxin, this method of wrinkle removal has become the most commonly performed minimally invasive cosmetic procedure with more than three million treatments performed annually in the US alone (according to statistics from the American Society of Plastic Surgeons). Botox was originally cleared for cosmetic use by the US Food and Drug Administration (FDA) in 2002. In the nearly two decades since, beauty specialists like Revitalize You MD have used the treatment to give their clients? skin a brand new outlook.

Botox has both cosmetic and medical applications, many of which can be pursued at Revitalize You MD. It is used to treat forehead lines, crow?s feet (around the eyes) and even frown lines. Furthermore, many may be

unaware that Botox treatments can be used to rectify Hyperhidrosis?where the person experiences excessive sweating of the underarms, hands or feet. Using such treatments to resolve this problem can allow any of the beauty clinic?s clients to avoid embarrassing public scenes or even move into more daring styles of fashion that they were previously wary of. Whatever their reasons, the clinic is always happy to help. There are even cases where Botox is used in the treatment of migraines. Further inquiries may be directed to the clinic via their Facebook page and other social media platforms.

According to, Revitalize You MD, a treatment will lead to their client?s muscles gradually becoming more relaxed, thereby allowing the skin above to rest with a more youthful, smooth appearance. Whether Botox is the sole treatment used or combined with other rejuvenation treatments (many of which are available at the clinic as well), Revitalize You MD asserts that their clients are likely to notice a great deal of improvement in their appearance.

Notably, clients may be eligible for a special offer of 20 free Units of Botox. The company informs the community at large that all they have to do is visit the Revitalize You MD website and sign up to avail themselves of this unique offer. At $10 a unit, this represents quite a lot of value for those who prefer to keep their body looking bold and beautiful at all times.

It is notable that the vast majority of the clinic?s clients report having a great experience when they visit. A recent review by Debbie Ringo awards their service a full 5-Star rating, for instance, explaining that, ?I had a great experience. The office space is very clean and professional. The office staff are very friendly. Appointments run on time, which is a big plus for my busy schedule. Dr. Lucy does a fantastic job with fillers and Botox. I look younger as my lips are slightly plumper but not overdone, I can still move my brow although we erased forehead, bunny lines and crow's feet. My friends were all asking whether I got new makeup, or commenting I looked somehow different or well rested! Nurse Glynis gave me a nice Meyers cocktail IV, which was painless and relaxing but gave me tons of energy. Fantastic experience. I already set up my next appointment!? More reviews along with additional information about the beauty clinic can be found on their GMB Listing.

In addition to Botox, Revitalize You MD offers Hormone Replacement Therapy, IV Therapy, Juvederm and similar services, all of which are designed to help their patrons both look and feel their best. The clinic believes in delivering a holistic and comprehensive service during each visit, and this standard of care is often what drives their clients to return for more.

Additional information can be found on Revitalize You MD?s website and other online resources. Inquiries may be directed to Rachael Clark of Revitalize You MD, and social media users are welcome to connect with

the team via Facebook and other platforms.
