

The Youth Fountain Rejuvenates Clients Through IV Therapy

July 15, 2020

July 15, 2020 -

The Youth Fountain, a Freehold, New Jersey based medical spa, is reaching out to the wider community to announce that they offer IV therapy. The Youth Fountain is among the top clinics in the area that specialize in CoolSculpting®, laser therapy, weight loss procedures and aesthetic services.

IV Therapy, which is also known as intravenous therapy, is a procedure through which nutrients and hydration are directly delivered into the bloodstream for immediate and increased absorption/use by the human body. According to The Youth Fountain, IV Therapy may be one of the fastest ways to deliver nutrients throughout the body because it bypasses the digestive system and goes directly to the organs. This means that there is a 90-100% absorption rate, as opposed to the 20-50% absorption that is possible with oral delivery methods.

Dr. Shakov, one of the founders of The Youth Fountain, says, ?At The Youth Fountain, our goal is to help our patients become the best version of themselves, whether this is accomplished through any of our skin care

procedures, BodySculpting, injectables or wellness treatments like IV Therapy. Everything that we do is targeted at improving who you are as a person, and IV Therapy is one of the most efficient ways you can recover your youth and energy.?

In addition to IV Therapy, The Youth Fountain offers a variety of other treatments and procedures. Their skin care treatments include tattoo removals, laser genesis, chemical treatments, hair removals, vein treatments and more. The Youth Fountain also offers injectables, such as fillers, Botox, PRP, and Jeauveu and BodySculpting services such as EmSculpt, CoolSculpting, truSculpt, Mesotherapy and so on. Along with IV Therapy, The Youth Fountain?s wellness treatments also offer weight loss programs, peptides, and anti-aging and hormone replacements.

According to Dr. Shakov, The Youth Fountain started with the simple idea of turning back the hands of time and managing youth both inside and out. Both Dr. Emil Shakov, MD, FACS and Dr. Rada Shakov, MD are dedicated to helping their patients find the perfect treatment plan. Dr. Shakov says, ?At The Youth Fountain, we take a ?whole person? approach to every patient we see. We don?t focus on one area; rather, all our patients receive a multi-faceted approach to health and wellness. Using all the latest technologies and industry standard treatments, we help our patients become the best possible version of themselves. We pride ourselves on the fact that all our procedures are performed by us, two board-certified physicians.?

The quality of the numerous services provided by The Youth Fountain has allowed the medical spa to gain an excellent reputation among their patients. On their GMB listing, The Youth Fountain has an excellent rating of 4.6 out of 5 Stars, for instance. In a recent review, Louisa Kipervas says, ?I am not one to write reviews but in this case I felt the need to share. This place is so great. The staff are so friendly. The doctors are amazing, knowledgeable and really care about results and how I feel. They don't overdo or over-recommend. The equipment is the newest and top of the line. I highly recommend them. Simply the best!?

Meanwhile, in another review, Shannon Masterson writes, ?The front desk, the assistant and the doctor were all wonderful! Everything was explained thoroughly. I felt comfortable asking all my questions. Before the procedure was even started, I felt very informed. I also felt we were all on the same page regarding my goals and expectations. My comfort was an obvious priority to the doctor, and I was made to feel comfortable the entire time! I cannot say enough about how pleasant my first experience was at the Youth Fountain! I will certainly be returning, and I have already recommended the Youth Fountain to my friends and family!?

Those who want to learn more about The Youth Fountain and their services are welcome to visit the company's website. They encourage interested parties to get in touch with Dr. Shakov directly via email or phone, and the company can also be reached through the contact form on their website. The Youth Fountain

maintains an official Facebook page where they frequently post updates, share media and communicate with their clients.
