July 22, 2020 - PRESSADVANTAGE -

Mitchell Law Firm, a firm based in Southlake, Texas, has announced that they are focused on providing help to people who require the services of a divorce lawyer in Southlake Texas. They offer assistance to couples with all legal issues regarding divorce. They are a firm that focuses in family law services for child custody, child support, adoptions, and paternity. They also offer law services for divorce, and free initial consultations to Southlake, Fort Worth, and Arlington, TX.

Rick Mitchell, a managing partner at the firm, says, "When you need an experienced attorney for your family or tax law case, don't look any further than the team of skilled lawyers at Mitchell Law Firm. We've been around since 2001 and have been successfully taking care of your community's family and other law needs."

"Our firm understands how devastating the process of divorce can be on you and your family," he adds. "Let us guide you through this emotional time with compassion, understanding, and honest legal advice so that you can make the informed decisions that are in you and your children's best interests. Let us make sure that your assets are protected while making the divorce process as painless as possible."

There are a number of legal matters to take care of when going through divorce. These include where they will live; how the property will be divided; how much child support will have to be provided; how they will support themselves; the child custody and visitation arrangements; how one of them will be able to protect his or her relationship with his or her children; and the possibility of getting a contested divorce.

Mitchell Law Firm offers compassionate legal services through a child custody lawyer in Keller TX and other places like Fort Worth and Southlake. They promise to do everything they can in their power to provide compassionate child custody services and protect the client and the family's best interests at all times. They will tackle various child custody issues, such as child custody, modifications in custody and visitation rights, child relocations, visitation rights and parenting plans, grandparent visitation rights, non-parental custody, and paternity as it relates to custody and visitation rights.

A key issue when going through divorce where a divorce lawyer can help is property division. The lawyers at the firm have extensive experience when it comes to property division issues. They are knowledgeable on how to determine, value, and trace the conversions that the property when through, so that the assets that have been acquired during the marriage can be divided equally. They have conducted research that allows them to locate marital assets that a spouse may have tried to hide or re-title. Their 15 years of experience and their extensive preparation enable them to adequately defend their analysis in negotiations for settlement and during a trial.

Meanwhile, they can also provide assistance to allow their client to get an uncontested divorce. This is possible when the client has a general agreement with the spouse during the divorce proceedings regarding a marital settlement, and there are no vital issues with regards to the property or children. The lawyers will discuss and assess the client's situation to find out if there are any possible complications that could impede the client from getting an uncontested divorce.

Mitchell Law Firm will also be able to help with a collaborative law divorce, which is when both parties utilize negotiations and mediation to achieve an agreement regarding their divorce. Each party will have their own lawyer to support them in the mediation and negotiations. Here, the client discusses with the attorney what he or she really wants and possible expectations. However, there must be a willingness to compromise to make sure that the lawyer knows the limits.
