Local Businesses on the Hunt for Talent.

Thousand Oaks, Calif. - As businesses continue to re-open, a staffing agency in Thousand Oaks, CA, Express Employment Professionals, is putting job seekers to work with its third annual bountiful interviewing event on Aug. 6?National Interview Day.

National Interview Day was first created by the staffing company and celebrated in 2018 as a new way to recruit and educate job seekers in a historically tight labor market. With temporary business closures due to the COVID-19 pandemic starting in March, Express is stepping up, now more than ever, to provide hope through employment.

Participants looking for employment in Thousand Oaks, CA, or the surrounding area are encouraged to visit

ExpressPros.com/InterviewDay before Aug. 6 and complete an application to expedite the interview process. Applicants will then be contacted for interviews, possibly before Aug. 6, based on the type of work they are seeking, and as always with Express, will never be charged a fee.

?Hiring is ramping up across the country, and Express offices are doing everything they can to help rebuild the workforce,? said Bill Stoller, Express CEO. ?We are excited to safely interview interested job seekers this National Interview Day in what has become the employment event of the year.?

The local Ventura County offices, located in Oxnard and Thousand Oaks, have prepared for the upcoming date. In accordance with the recent safety regulations, all candidates are required to wear a face-covering and practice social distancing during the application and interview process. Gloves and masks will be provided if such are needed by the associate. Although walk-ins are welcome, phone interviews are preferred. Most of the interview process can be done remotely. Certain paperwork must be turned in via drop off, but even that is still minimal contact.

?We are glad to be able to provide jobs and support the local economy especially during these trying times,? said Neil McMillan owner of the local Express Employment Professionals offices, ?Now that the stimulus package is about to end, it is more important than ever to get people back to work.?

?Opportunities are available to get back to work, and our recruiters are ready with a variety of positions,? Stoller said. ?No matter the circumstances, Express continues to strive toward putting a million people to work annually!?

Express is on a mission to put a million people to work annually. The Ventura County Express Employment Professionals offices began operation in 2006.
