

Rose Landscape Marks 8th Year In Business

July 30, 2020

July 30, 2020 -
From its humble beginning, the Bluffton-based Rose Landscape is now on its eighth year in business serving South Carolina.

The Best Landscaping Services in Bluffton, SC started in 2012, providing exceptional services to meet the maintenance needs of exceptional gardens. The company is best known for its creative landscape solutions and services. One of these garden solutions is the installation of pavers, patios, fire pits, walkways, and retaining walls.

The most common material for patios, driveway and garden paths is brick paver. A brick paver is made of clay that is compressed and heated in high temperatures. It is then formed into a rectangle shape. Since it is made of natural clay, a variety of colors and shade are produced, giving a classic and natural look to the surface where it is used. With its solidity, brick pavers can indeed hold firm.

With these, brick paver has become a popular choice for both residential and commercial properties.

Meanwhile, Rose Landscape assures quality output. The company?s licensed landscape professionals can do installation service at the customer?s most convenient time.

The Best Patio and Brick Paver Installation in Bluffton, SC likewise shares some maintenance techniques anyone can apply. ?Brick paver patios and walkways must be free from weeds and dirt. Use pressure water once or twice a year to remove moss and other dirt. After the surface dries, it should be put on the sand on the loose-fit surface,? says Rose Landscape.

Apart from brick paver installation, the company also handles full landscape design and installation. They also cater to complete lawn and landscape maintenance as well as grading and drainage solutions.

In addition, they also handle low voltage landscape lighting work and irrigation installation and maintenance services. They also cater to fertilization and pest control work.

Rose Landscape is dedicated to providing every customer with a five-star quality service. ?Our goal is to enable each customer to feel like they are our only customer with our attention to detail for what they want from our skills. We plan to exceed expectations on every job,? they add.

Moreover, Rose Landscape is well-loved by the South Carolina community since its inception due to its satisfactory customer service. The company provides free online estimates and doesn?t ask for any travel charges. They also offer discounts to senior citizens, teachers, police officers, and active military.

?We love what we do, and we believe in it because it makes people happy at home. It isn?t just landscape architecture but a philosophy we apply to every part of our lives. It is only the Landscape architecture that has given us our excellent reputation,? the company adds.
