August 19, 2020 - PRESSADVANTAGE -

Minneapolis contractor, Erickson Asphalt, has just announced that they have been named to the Pavement Maintenance and Reconstruction Magazine's Top Contractor List for 2020. This award recognizes those paving companies that generate a high volume of sales by doing quality work while at the same time offering exceptional customer service.

To determine the winners, asphalt contractors from all over the country are asked to fill out a survey sometime between January and April regarding the paving and other related services that they completed during the previous calendar year. Those at the magazine will then look at such things as total sales, profit margin, the number of customers served, the total number of jobs that were completed, and the types of paving services that a company offered. The completed surveys not only help determine who should be recognized for their exceptional paving and other related services during the previous calendar year, but the information that's gained from the surveys provides pavement contractors like Erickson Asphalt with valuable information on how to shape and grow their business.

The company co-owner Dan Erickson says, "We are always extremely grateful and honored anytime that we get recognized for our hard work. It's even more special when that recognition comes from a publication whose extremely knowledgeable of the pavement services field, such as those at Reconstruction Magazine. In order to be considered in the future for awards such as this one, we will continue to strive to be a progressive and innovative asphalt contractor that always puts the needs of our customers first."

Erickson went on to say that their company is a family-owned and operated company and for over 30-years has been providing customers in the Minneapolis Metro Area with quality asphalt paving and asphalt maintenance services. He also stated that Erickson Asphalt is a complete asphalt and asphalt maintenance

solution provider for both commercial and residential clients. Their services include asphalt sealcoating, asphalt paving, crack filling, patching work, parking lot striping, gravel parking lot and driveway installation, infrared repair, parking lot sweeping and snow removal.

The co-owner also mentioned that they are also an asphalt services provider that backs their quality sealcoating services up with a 1-year warranty and provides an industry-leading 10-year warranty on their asphalt paving services.

Erickson Asphalt has a very customer-centric approach, and it shows with over 130 reviews on their Google Maps listing. The average score on those reviews is an exceptional 4.7 out of possible 5-stars. Among those reviews is this 5-star review from Bethany Rahm, which says, "Truly great company to work with! The entire experience working with this company to pave our driveway was amazing. They were very professional and got the whole thing done in a timely manner! I would highly recommend Erickson Asphalt to anyone looking for paving needs in the future!!" She also listed Professionalism, Punctuality, Quality, Responsiveness, and Value as being positives in relation to the work that Erickson Asphalt provided for her.
