#1 Rated Kia Vehicles On Lot Announced by Used Cars Dealership Edmonton

August 25, 2020

August 25, 2020 -
North Edmonton KIA is pleased to announce that they have some of the #1 rated Kia vehicles on the lot. As the story at https://www.pressadvantage.com/story/37125-1-rated-Kia-vehicles-found-at-only-the-best-used-car-dealerships-in-edmonton shows, the ?All New? North Edmonton Kia is located in the St. Alberta and Sherwood Park area and is also not far from the Canadian Forces Base in Edmonton.

Robert Aaltonen, spokesman for the dealership, said, ?Partly because of the high ratings by J.D. Power and Associates for KIA in recent years, people are becoming more and more aware of the fact that KIAs are built with uncompromising quality standards.? The dealership is growing in reputation because they go out of their way to help people, whether that?s in getting the best car for the best price that they can afford or getting the best service in the Edmonton area.

JD Power and Associates rated Kia was ranked the #1 brand for dependability in the US in a recent study. The 2020 models are also likely to be found with very high marks, as well, Mr. Aaltonen said. ?People are seeing how KIAs hold their value and so they are more interested in buying and selling them. That is part of where our inventory comes from,? he continued.

The company also has a YouTube channel at https://www.youtube.com/channel/UCncP0aCbstA9_DBBKCK5STw and the first thing viewers will find there is that they take the safety of their staff and customers very seriously. In the COVID age they are taking every precaution to keep everything at the dealership clean and disinfected.

In addition to selling cars, North Edmonton KIA is also an AMVIC licensed service center. AMVIC is the Alberta Motor Vehicle Industry Council, it is an independent organization that regulates the automotive industry so that the very highest standards are being upheld to protect consumer interests.

Sally Kisrell bought her first KIA through North Edmonton KIA and she says she couldn?t have been more satisfied with the process and the car. She said that they made every effort to make her feel comfortable and to help her choose the car that was right for her.

?People still tell women that they need to go car shopping with a male partner, friend, or family member,? she said. ?I didn?t have anyone to go with me but at this dealership it wasn?t necessary. Everyone was courteous, patient, and they did their best to make everything as transparent as it could be. Comparison shopping, pricing, dealer fees and all of that was spelled out to me as clearly as it could be. They helped me get financing. I recommend them 100%.?

In addition to used Kias, of course North Edmonton Kia also offers brand new ones. From an SUV to a sporty Kia Stinger, there is a Kia for all tastes and pocketbooks. The website has clearly been set up to serve as many people as possible. Whether a prospective customer is just looking or is planning to research the dealership and its inventory deeply ? that?s possible to do on the site. A prospective buyer or even a window shopper can also apply for financing right on the website.

Another way to examine the inventory at North Edmonton is through https://www.autotrader.ca/dealer/?rcp=0&rcs=0&srt=0&cosid=5&cofid=20191015151741419&inMarket=dealerInventory Robert Aaltonen said, ?We don?t care where people contact us. We have a lot of different ways for people to view and interact with our various services and inventory. People can do nearly everything online in this day and age, up to and including getting the expected value of a trade-in, looking at various vehicles that are already on the lot and so on. People can stop in, make an appointment, email us, text us. We are here to help.?

The motto at North Edmonton Kia which is ?The Power to Surprise.? The company will go out of their way to exceed the client?s expectations, the spokesman said. Prospective customers should contact the company online or by calling (780) 509-1550.
