Indiana is the largest and the most populated city in the state of Michigan. Businesses across the US have been adversely affected by the COVID-19 pandemic, and this has held true for businesses in Indiana as well. The regional economy, and small businesses in particular, have been hit hard by the pandemic. A spokesperson for TNL stated that Hoosiers were facing difficult times.

To apply for the financial aid programs offered by The Net Lender, one must fulfill certain requirements. One must provide the title of one?s vehicle, for instance, and it is imperative that the title be under one's own name (the vehicle must be ?lien-free? as well). One must also be able to provide one?s driver?s license as proof of identity. Proof of insurance and registration of the vehicle in question must also be provided. Additionally, applicants must have the vehicle in possession and also show proof of ownership as well. In order to apply for car title loans Indianapolis, they must be 18 years of age or older. Proof of income must be provided, ideally proving an income of at least $1500 per month.

The Net Lender makes the process clear and simple to follow. A client may apply on any given day, and they will be required to submit some basic information about their vehicle in order to get the process started. This takes less than two minutes on average, and a client has a 95% chance of getting approved for a financial aid plan. Once the client has gotten their vehicle qualified, the team at The Net Lender will verify the information provided to the company. The client will then submit supporting documents. One may receive approval for a custom financial aid plan in a time span of less than 15 minutes and have cash in their hand in under 24 hours.

Jeremiah Lutes, a satisfied client states in a 5-Star review shared on the company website, ?I am the head of the household, and I know of the pressure one can get from bills and discrepancies in their credit. I used the car I bought before I got married, and it turned out to be such a lifesaver for me. I took out about half of what I

was offered and wasn?t pressured any further. Thank you, and hopefully my car will be eligible again if need be.?
