A representative for TLE explains how Miami is being hit hard by COVID and ways to get relief. Since the onset of the pandemic, there has been a consistent increase in the number of active COVID-19 cases in Miami. The country as a whole is reporting over 145,000 confirmed cases and a little over 2,000 deaths ? all of which have led to the residents of Miami facing significant financial troubles due to the sudden loss of jobs and increased medical expenses. While there has been a minor reduction in confirmed cases recently, the financial situation has not changed and likely will not change for a while.

However, for residents of Miami and the surrounding areas who have been adversely affected by the pandemic, all is not lost. The Miami-Dade county government has implemented an initiative to help those in need of financial assistance, partnering with United Way of Miami-Dade in order to provide hard-working individuals and families in Miami with emergency assistance and relief during the coronavirus pandemic.

The Miami-Dade Pandemic Assistance Program, with $20 million in funding provided by the federal CARES Act, addresses short-term economic hardship through financial assistance for basic living expenses such as food, utilities, childcare, medical expenses and rental assistance, among other needs. Any and all residents of Miami-Dade County who have experienced a significant loss of income, become unemployed, underemployed and/or experienced unexpected expenses as a result of COVID-19 can apply for assistance up to $1,000 or $2,000 per household (subject to eligibility). The application can be found at the Miami-Dade government website and is available in English, Spanish and Creole.

In addition to this, Title Loans Miami is also providing financial assistance to those in need. Anyone who is in need of emergency funding can use their vehicle titles as a collateral to get some money quickly from Title Loans Express. Unlike getting financial aid from a bank or other such institutes, using a car title to get

financial aid is a method available to anyone who is the sole owner of their vehicle. Title Loans Express gives consumers the opportunity to utilize their car title and the car?s equity value in order to get financial aid. On a case by case basis, the company is even able to provide personal financial aid.

Getting help from Title Loans Express is very easy and can be done in as little as 15 minutes. All one has to do is fill out the form on the Title Loans Express website, provide the company with some information and documents, and wait for the money. The company asserts that they do their best to provide assistance to all consumers and that even people with bad credit are eligible to apply.

Unlike traditional financial aid from the bank, a title loan is made readily available to anyone who is the sole owner of their vehicle. In many cases with Title Loans Express, applicants can also get aid if they are the owner of their motorcycle, RV, truck and other modes of transportation. On a case by case basis, the company can even help them get a personal loan. Title loans have many names: car title loans, pink slip loans, and auto title loans. As the owner of their car or vehicle, the customer's title will be under their name. Title Loans Express gives them the opportunity to utilize their car title and their car?s equity value in order to get a cash advance. Therefore, their car or vehicle will serve as the collateral for the aid they receive.
