OKATIE, SC - August 28, 2020 -
The Brown Firm South Carolina Personal Injury Lawyers, is pleased to announce that their newest location in Okatie, South Carolina is now open. This office is very near to the larger community of Bluffton. This is a very important office opening for this law firm because it now allows them to easily serve the legal needs of even more personal injury victims in the state of South Carolina.

Managing Attorney Harry Brown Jr. DC, JD says, ?We are very pleased that our firm?s new Okatie, South Carolina location is open for business. It?s a very strategic location for us because now we can bring exceptional personal injury legal services to even more people in South Carolina. When someone has been injured as a result of an accident that was not their fault, that?s no time for that victim to try and settle matters on their own. Aggressive Insurance companies that represent a defendant in the matter see that as an opportunity to settle any claims for far less than a victim is entitled too. That?s why the first the very first step for someone in South Carolina who has been a victim of another person or entity?s neglect, is to sit down with us for 20 minutes and learn exactly what they are entitled to under South Carolina law. Our new Okatie office will make it more convenient than ever for Eastern Area South Carolina accident victims to meet with us.?

Brown Jr went on to say that their new Okatie office is located at 110 Traders Cross Suite 226. They are not far from the Goodyear Auto Center and Discount Fabric and adjacent to a solar installation service company called Horizon PWR. He stated that they chose this location because it?s so easy for their clients to get to from a variety of different areas in the Hilton Head, Bluffton, and Ridgefield areas. The firm?s managing attorney also added that for those near our new South Carolina office that would like to ?Stay updated about our firm?, they can always visit our website, our Facebook page, or our Google Maps Listing.

One of the unique attributes of the Brown Law Offices is the extensive legal and medical background that Attorney Brown Jr. brings into play when he handles a case. Brown Jr says, "I?m one of the few attorneys

who is also a medical practitioner, so I know how to work with other attorneys, healthcare providers, and insurance companies to get the best possible outcome for my clients." He went on to add that he has seen instances were something was lost in the translation between a lawyer and a doctor and ended up significantly hurting a plaintiff?s case. His first-hand experience in both the medical and legal helps him avoid such circumstances.

Brown Jr. also stated that the firm?s personal injury attorneys in Okatie will aggressively negotiate and litigate on the behalf of their clients and pledge to fully pursue their legal right to maximum compensation under the law for their injuries. Brown Jr. added that they will be representing victims out of the Okatie office that have suffered from such personal injuries as auto accident victims, work-related injuries, medical malpractice incidents, and even wrongful death cases.

The Brown Firm has also long been known for their client-first approach to personal injury legal services. In his 5-star review, Rashad M. testifies to this by writing, ?The Brown Firm has set the standard for me when it comes to attorneys. This is my first time having legal assistance and Adam Saxe showed me how it?s supposed to be done. He kept me well-informed step by step. Most of all, he made me feel as if I was his only client. If I had any questions, he was right there to answer them. This was an amazing experience. Thank you, Adam, you are the best!!!? Satisfied client, Meagan Nesbitt, similarly stated, ?Really nice and caring people, kept me updated throughout the entire process. This was my first time need a lawyer and the exceeded all my expectations. Would definitely recommend.?
