BAYTOWN, Texas - Awards and Engraving, an awards shop that provides individuals and businesses with branded merchandise in Baytown, TX, is pleased to announce that they are now offering personalized face masks for teachers at local schools.

The COVID-19 pandemic has affected every person across the nation to various degrees. However, now that back-to-school season has hit, those who work in the education industry are experiencing major changes in their day-to-day life at work. Colleges have had to make difficult decisions regarding student activities and whether to hold classes in person. Teachers in elementary and high schools are having to adjust to the major changes regarding new classroom procedures and channels of teaching. One change that is shared by all teachers across the nation is the practice of gearing up every day with their face masks and other safety materials.

Having realized the hard work and major changes that Baytown teachers are going through, Awards and Engraving wanted to find a way to support their community?s teachers. They recently designed face masks customized to schools in the community, such as the Goose Creek Elementary collection. Each of these collections contains masks with school logos, colors, and places to display individual teachers? names. Each mask is offered for $14.95 and is made to be reusable. Awards and Engraving has already designed masks for many different schools, but they are more than willing to continue designing for others. Simply email myhelpdesk@awards-engravings.com to place a request.

While Baytown teachers work hard every day to provide each child with the highest quality education possible during these unprecedented times, Awards and Engraving hopes that their customized masks will be an encouragement to them.
