Baltimore Plastic Surgery of Lutherville-Timonium, MD, has recently announced that they now offer complete cosmetic surgery services. The cosmetic center, headed by Dr. Jeffrey Schreiber, has been offering cosmetic procedures for many years, including breast enhancement, rejuvenation, body contouring, sculpting, and hair transplant, among many others.

Dr. Schreiber's practice has spanned for more than a decade, starting with a B.A. in Biology and an M.D. at the University of Missouri-Kansas City Medical School. Originally from St. Louis, Missouri, he then moved to Baltimore, to complete his general surgery internship at the Johns Hopkins Hospital followed by an integrated general surgery and plastic surgery residency at the Johns Hopkins Hospital/University of Maryland plastic surgery program. He became committed to Baltimore cosmetic surgery, provided plastic surgery Baltimore, and became a household name in the world of Baltimore's cosmetic surgery industry. He has numerous articles contributed to medical publications, and has received the Upjohn award for clinical research.

"As a board-certified plastic surgeon Baltimore area, I strive to provide excellent care with honesty, respect, and dignity for my patients. I believe that cosmetic surgery should focus on changing the way you feel about

yourself, allowing a newfound inner confidence to emerge, and mirror the enhancement of your external appearance," Schreiber wrote on Baltimore Plastic Surgery's website.

Reviews from satisfied patients can be found on the company's website. Baltimore Plastic Surgery has received perfect scores from over 50 patients. A review from Jaime read: "Dr. Schreiber is the best, and he has been taking care of me for years. I came to him with a problem from another doctor and he was willing to help me. He is so caring, and so is his entire staff. I have referred many friends to him, and will continue to do so."

The current roster of Baltimore Plastic Surgery's services also includes tummy tuck Baltimore and "Mommy Makeover." It includes breast augmentation with a tummy tuck. In addition, the cosmetic surgery company also offers laser hair removal, liposuction, body lift, and thighplasty. Breast reconstruction, fat grafting, rhinoplasty, brow lift, botox, facial peel, and chin implants are also included in Dr. Schreiber's long list of cosmetic surgery procedures.
