Australian Businesses Are Choosing Clean Group for Their Commercial Cleaning Needs

September 01, 2020

SYDNEY, NSW - September 01, 2020 -
Clean Group, based in Sydney, NSW, Australia, is pleased to announce that 863 businesses in Australia have chosen to hire them for their commercial cleaning requirements. They want to stress that there are a number of reasons why these businesses have decided to entrust their commercial cleaning needs to Clean Group. They are a commercial cleaning company offering cleaning services to companies in Sydney and neighbouring suburbs.

Suji Siv, CEO and owner of the Clean Group, says, ?We provide the highest standard in office cleaning and commercial cleaning services customised to your business?s unique needs. We are your one-stop cleaning specialists. Call today for a free quote. Our Covid-19 cleaning solutions include disinfection and sanitizing services. Our cleaners are trained and certified in infection control.?

Several characteristics make Clean Group stand out among the other commercial cleaning providers. These include the fact that they have more than 50 dependable and hardworking cleaners; have friendly customer service reps; are more than 20 years in the commercial cleaning business; have extensive experience in cleaning fitness centres and large gyms; have excellent knowledge in the maintenance of retail stores, storefronts, and huge industrial warehouses; cater to more than 100 suburbs in NSW, Victoria, and Queensland; can handle specialized cleaning programs for schools, day care centres, and universities; are capable of complying with the strict cleaning requirements of large factories; can ensure germ-free hospitals and medical centres; and can provide pressure cleaning and outdoor maintenance.

In their more than 20 years of providing commercial cleaning services in Australia, they have been able to develop their own unique commercial cleaning methods and procedures. This allows them to provide a personal touch to their commercial cleaning services. Furthermore, the commercial cleaners from Clean Group always strive to comply with the highest standards of cleanliness.

According to Clean Group, commercial cleaning is that kind of cleaning that requires special needs like steam carpet cleaning and pressure washing. Frequently, these are the cleaning requirements that have to be performed on a regular basis. It can be an end of lease cleaning or a spring cleaning. The professional cleaners from Clean Group are equipped with advanced cleaning equipment, trends and techniques to be able to do what is required.

Businesses also tend to choose Clean Group because they don?t have to worry about any security issues. This is because all of the commercial cleaners from Clean Group have been comprehensively vetted, have been assured to have police clearance, and all have at least two years of commercial cleaning experience. Furthermore, the company has workers? compensation insurance and public liability insurance.

Clean Group cleaners utilize state-of-the-art cleaning equipment, such as the I-mop, which is a combination of a powerful machine wash and a mop. It combines the flexibility of a mop with the power of an industrial scrubber machine to effectively clean areas in a commercial establishment that are usually hard to reach. As a cleaning solution, they make use of Viraclean, which is an environmentally friendly commercial cleaning solution that can eliminate a broad range of germs and bacteria, including common viruses, such as the herpes simplex virus, hepatitis B virus, influenza virus, and more.

They also make use of antibacterial microfiber clothes to dust and clean the different surfaces, ensuring that 99 percent of the bacteria from surfaces have been removed. Their advanced cleaning mops are also made from antibacterial microfiber to efficiently clean floors and similar surfaces, eliminating up to 99 percent of dust, dirt, germs, and bacteria.

And in sensitive areas like a hospital or medical centre, they use colour coded cloths, buckets, and other cleaning equipment to clean different areas to avoid cross-contamination. They also offer commercial sanitising and disinfecting cleaning services for complete virus protection. Their commercial cleaners have been fully trained in the cleaning, sanitising, and disinfection of an area for appropriate infection control of viruses, bacteria, and germs.

Businesses in need of professional commercial cleaning services may want to visit the Clean Group website at https://sites.google.com/site/commercialcleaningsydneynsw/cleaning/commercial-cleaning-services, or contact them through the phone or via email.
