Kennesaw, Georgia -- WeCutUglyTrees.com recently announced that they would be servicing Kennesaw, GA. The company has received yet another glowing customer review, praising the company's services and attention to detail. The locally owned and operated company is one of the highest reviewed tree removal companies Kennesaw, combining both their expertise and commitment to their clients.

In a recent review, the company received on Google, Lisa Gates describes her experience with the Kennesaw tree company as, "We needed a tree taken down as it was leaning toward our house, they came out gave an estimate, very affordable, and said they were able to get it done in next 2 days...to our surprise they were back the same day getting it done. Great people and very professional. We are very pleased with the service and in one visit knew the owner and his co-worker was both great guys...Thanks Dale, highly recommend these guys. Very knowledgeable about what needs to be done and how to do it safely. Awesome job!?"

WeCutUglyTrees.com is one of the few tree removal companies in Kennesaw with more than 100+ 5 Star

Reviews. The team regularly receives reviews from customers like Mrs. Gates and is proud of that fact. In another review listed on the BBB website, Sy Trea describes his experience with the company, "Used BBB to find a A+ reputable tree company and WeCutUglyTrees.com out rated the other tree services alone by ratings and being transparent on their webpage, in person, and after the work was done. Dale is honest, very knowledgeable, and enlightened me on the pros&cons between trimming and cutting down my trees so that I can make the best decision to be more proactive and prevention maintenance. They did what was agreed at a reasonable price. They crew was extremely professional, efficient, cleaned up, and did more than I expected. Amazing work of art as if they were sculptures, they "tree-weeded" out misc trees and raised the canopy (low branches) from overgrown trees that immediately transformed the whole landscape view. This wasn't just another tree cutting I see around town. It was a pleasing customer experience where I wish I could have taken the "before" vs after pictures."

Each staff member of the WeCutUglyTrees.com places customer service as their first priority. Each five star review and even their response to the few negative reviews are a "Our number one priority is protecting your home and family at a rate you can afford. Being able to help our customers develop the best solution for their unique circumstance is something I take great pride in. We look to build customers for life, that's why we offer a free onsite consultation."

Hiring a professional tree service is of the utmost importance for homeowners, according to WeCutUglyTrees.com, given that hiring an inexperienced company can result in a catastrophe. While there will always be a company who offers a lower price, "when it comes to protecting your home and family, does a few dollars here or there, really matter all that much?" Ivie says.
