Louisville, KY Pediatric Dentist Launches New Website

September 09, 2020

September 09, 2020 -
William Kemper DMD, a pediatric dentist based out of Louisville, Kentucky, is pleased to announce the launch of a brand new website that is intended to highlight their pediatric dental services and provide a better experience for visitors. William Kemper DMD has been serving children and families in Louisville as well as the surrounding areas since 1986.

According to the clinic, the website is a brand new experience that has been redesigned from the ground up to be user-friendly in every way. Where the previous website often had navigation and performance issues, such hiccups have since been ironed out. With the navigability of the website greatly improved, all the information about the dentist can be accessed more easily. Further, the website has also been optimized to run on all devices and web browsers, ensuring that every visitor to the website has a smooth and pleasant experience.

William Kemper DMD offers a wide range of Pediatric Dental Treatments, from dental examinations, teeth cleanings and extractions to in-office sedation and restorative procedures. All of the services provided by the clinic are performed with great care to ensure that the children undergoing the procedures feel safe. In fact, the dental clinic is proud to state that it is their first priority to always provide their patients and their parents with a comfortable, relaxing and stress-free dental experience. The team at William Kemper DMD is experienced with both the bravest and the most timid of children. As a result they are able to use positive reinforcement to engage with the children and keep things fun as well as educational while they get their dental work done.

The reputation earned by William Kemper DMD has made them a trusted dentist for families all over Louisville, KY. In addition to local residents, the pediatric dentist also has patients visiting from surrounding communities, such as La Grange, Shelbyville, Taylorsville, Fort Knox, New Albany, Jeffersonville and more. Additional information about the clinic can be found at the following link: Pediatric Dentist Louisville, KY.

Speaking of his desire to work in the pediatric dental field, lead dentist William Kemper says, ?I realized my desire to help young people find their perfect smile at a very young age. I was injured in a baseball accident as a kid, breaking my jaw and several teeth. It took a team of dentists, orthodontists and oral surgeons to repair my smile, and I thought it would be pretty cool to help other kids the same way when I grew up.?

The services provided by William Kemper and his team at the dental clinic have earned them the admiration of parents all around Louisville. On the Google platform, William Kemper DMD has a perfect rating of 5 out of 5 Stars. In a recent review, Ashley Chesman shares her experience with the clinic in the time of the pandemic, writing, ?Dr. Kemper?s office has been amazing with COVID procedures. My teenager goes in alone, they call me when she?s finished to discuss the visit and they watch her get in the car. Temperature checks, wellness questionnaire and masks required. Office staff are always polite and kind, and Dr. Kemper is the best!?

In another review, Dawn Beach writes, ?All three of my children have been patients of Dr Kemper as they've grown up. My youngest daughter is now a teen and needs braces. She was given the option to go to another practice, specifically for orthodontics, but chose to remain with Dr Kemper. I find it very convenient to be able to have my child stay with the same practice she's been going to since her first dental exam. Staff are all very friendly and know just what to do to put a child's mind at ease no matter what the reason for a visit is. My children love going to see Dr Kemper.?

Those who want to learn more about William Kemper DMD and the services they provide are welcome to visit the clinic's website at the following link: https://www.kemperdmd.com/. Interested parties are invited to get in touch with William Kemper via his email address or phone number.
