Anaheim, California - Anaheim Lighthouse, a drug and alcohol treatment facility in Anaheim, CA, is now part of the TriWest Healthcare Alliance network. TriWest is the third-party administrator for the Department of Veteran Affairs Community Care programs that provide healthcare to the country?s veterans. This collaboration now allows Anaheim Lighthouse to deliver high-quality treatment services to veterans who are TriWest members.

Sonny Flor, Director of Business Development of Anaheim Lighthouse, said that this partnership is an important milestone for Anaheim Lighthouse because it provides an opportunity for the treatment center to offer care to more veterans and their families.

?Our Anaheim Lighthouse team is proud to support the veterans and their families. We have been actively working on this project and we?re honored that we are finally in the position to give back to the veterans that served for our country,? said Flor.

Flor added that Anaheim Lighthouse offers treatment programs that could benefit many veterans who may be

dealing with Post Traumatic Stress Disorder or PTSD, mental health problems, and substance abuse issues.

?Anaheim Lighthouse specializes in trauma informed care and dual diagnosis treatments. We believe that veterans who are seeking recovery can be closer to their goals if they have access to excellent treatment plans, experienced professionals, and a comfortable treatment facility like the Lighthouse,? said Flor.
