

Clean Group Provides Medical Cleaning Services

September 08, 2020

SYDNEY, NSW - September 08, 2020 - PRESSADVANTAGE -

Sydney, New South Wales based cleaning company Clean Group is reaching out to the wider community to announce that they are providing medical cleaning services. Clean Group has established themselves as a provider of professional yet affordable cleaning services for businesses that want to maintain a pleasant and sanitized environment for their staff and their clients across the whole of Australia.

Suji Siv, a representative for Clean Group, says, "At Clean Group, we have over 20 years of experience in cleaning medical centers, and in that time, we have worked with many of Australia's major medical institutes to provide high quality and eco-friendly cleaning services. When you hire us, you hire us with the assurance that we can take care of whatever needs to be done, no matter the size of your facility."

He continues, "Whether it involves simple cleaning services or specialized processes unique to medical centers like sanitising, polishing, sterilizing, disinfecting and more, we can do it all. Cleaning a medical facility is not like cleaning any other place - you need to hire a team that knows that they are doing and has the relevant experience. Clean Group's skilful, licensed and insured technicians all have that experience and can handle any medical center cleaning job with ease."

Clean Group is proud to say that they are constantly working to provide the most thorough medical center cleaning services in all of Sydney. To achieve their goals, they go over every inch of any facility they service. Their work includes taking care of all facilities within the scope of the project, such as doctor's chambers, reception area, waiting spaces, bathroom, storage and more. Clean Group will also clean furniture and upholstery, including chairs, couches, curtains, cabinets and so on. In fact, Clean Group's technicians will go one step further and clean any electronic devices in the vicinity. More information about Clean Group's medical center cleaning services can be found here: <https://thehealthierweb.com/news/clean-group-announces-electrostatic-spray-zoono-z-71-virus-shield-for-complete-covid-19-cleaning-protection/0246740>.

Siv says, "It's very important that the cleanliness and overall hygiene of any medical center is maintained well. After all, medical centers encounter patients from all walks of life. Whether we're talking about newborns or toddlers, teenagers or young adults, middle-aged people or elderly individuals, all of them need to be able to feel safe and be safe within the confines of a medical center. For that to happen, every nook and cranny of the medical center must be clean and spotless. Clean Group can ensure that."

Clean Group boasts advanced technologies and equipment that allow them to provide a high quality cleaning service. The company is also environmentally conscious, and they are proud to say that they only use environmentally friendly chemicals in their procedures - which will not only be beneficial to the environment but are also odourless, therefore, leaving no residues and no traces behind. Moreover, all of Clean Group's cleaning teams are accompanied by a manager whose primary task is to ensure that the job is done thoroughly.

The high quality and reliability of the services provided by Clean Group have earned them praise from many of their commercial clients. In a review found on the company's website, Allanah M. says, "If you need a one-stop cleaning solution that can do both the routine cleaning and some odd cleaning requests that can pop along the way, Clean Group is the best solution. I had my childcare flooded on one occasion, and I cannot imagine the stress that I had back then. Good thing that I have Clean Group as my regular cleaner. They called me and told me that they also do steam cleaning. They took my worries right there and then. We will have a long way to go guys!"

Meanwhile, Clean Group's branches all have excellent reviews on the Google platform as well. In the North Sydney branch's profile, a 5-Star review by Akeziah Millington reads, "Highly recommended! Clean Group has a great team of cleaners and staff who deeply care about clients, always arrive on time and have concentrated on making sure that we are always pleased with the 'after' results. Clean Group has been cleaning our office for over a year now, and we've never been this satisfied. I guarantee you that Clean Group does really provide high quality, professional cleaning service."

More information about Clean Group and the variety of services provided by the company can be found on their website. Clean Group encourages interested parties to get in touch with Suji Siv directly through his email or phone. Alternatively, the company can be reached via the contact form available on their website. In addition, Clean Group also has a Facebook page where they frequently post updates, share information and communicate with their clients.
