

Minnesota Real Estate Appraiser Ready To Help Customers In Upcoming Fall Season

September 09, 2020

ROSEVILLE, MN - September 09, 2020 - PRESSADVANTAGE -

Roseville, MN based Minnesota Real Estate Appraisal Services is reaching out to reassure the community that their service will remain available during the upcoming Fall season. The beginning of the Fall seasons is typically one of the busiest times of the year in the real estate industry. While this new surge of interest in new facilities and homes is always welcome, the current situation with the global pandemic is making things more difficult for Minnesota residents.

"This situation has caused a lot of uncertainty for those planning to buy a property," states Clark Goset, a real estate appraiser and representative for the company. "While it may seem daunting at first to invest in real estate at a time like this, smart purchases can always be made. In fact, if you are planning to purchase a property, you may actually benefit from the struggling pandemic economy. It all comes down to whether or not you are able to find and negotiate a favorable deal, and this makes expert assistance and advice that much more important for individuals in this position. This is why we continue to offer our services even now, fighting against the odds to guarantee our clients nothing but excellence and dedication."

Minnesota Real Estate Appraisal Services states that the pandemic has caused interest rates to plummet to

their lowest in the past few years. This is a direct result of the government's efforts to dig the struggling economy out of the hole caused by the pandemic. When it comes to the real estate business, these lower interest rates benefit the buyer more than anyone else.

Goset says, "This crosscurrent of poor economy and super stimulus being provided by the federal government causes a certain amount of confusion in the marketplace. Property prices are all over the place. Without proper insight or advice, it can be remarkably difficult to judge whether you are getting a good deal. Getting accurate real estate values is important, which is why we at Minnesota Real Estate Appraisal Services pride ourselves in our experience and expertise above all else. When it comes to assessing property values, no one is better than us. Our results speak for themselves, standing up in court and proving to be accurate over our 40 years of operation"

The Minnesota Real Estate Appraisal Services provide authoritative appraisals for all types of properties, including commercial, industrial, residential and land and development properties. Additionally, they also offer a variety of legal appraisal services. According to the firm, these appraisals can give buyers the much-needed edge they need to secure the best deal possible during these difficult times.

The firm asserts that all of their work can stand up in court as well as in the marketplace. If necessary, however, they can also offer expert testimony for various situations. Free consultations are available for all of their services, helping their clients assess the situation at hand and make smart decisions.

Minnesota Real Estate Appraisal Services possess both experience and an outstanding reputation that attests to their excellence. They enjoy a near-perfect score on the Google platform alone, making them one of the best-rated real estate appraisal companies in the area.

One of their most recent customer reviews on this space, written by Peter Palmer, says, "Clarke Goset did a superb job on a project of ours, taking the time to evaluate some tricky easement issues that affected the use of part of a parcel we were developing. His knowledge and expertise helped establish a fair value all parties could agree to." Another comment, written by Mike S. Derek, says, "Thanks for your attention to detail. We had three lots to distribute to heirs, all similar but different. Your appraisals helped make the process of keeping things equal a lot easier."

The firm's website offers more details on Minnesota Real Estate Appraisal Services and the work they do on their clients' behalf. Interested parties may reach out to Clark Goset to follow up on any inquiries. Their website is available here: <https://www.mnreappraisals.com/>.
