Clean Group Medical Cleaning Services Offering Deep Cleaning Services For Hospital and Medical Centre

September 08, 2020

SYDNEY, NSW - September 08, 2020 -
Clean Group, a Sydney Based Professional Cleaning company has taken its Medical Cleaning Services to the max, by offering Deep Cleaning Services For Hospital and Medical Centre even during the time of the pandemic. The Company is a well-reputed professional Commercial cleaning company that is currently focused on providing professional and inexpensive COVID 19 Cleaning services to Hospital and Medical Centre and other commercial buildings.

Clean Group is normally a professional and inexpensive office and commercial cleaning services for companies located in and around Sydney. Their service portfolio also includes services such as strata cleaning, carpet service, medical centre cleaning, gym cleaning, school cleaning, and childcare cleaning.

Suji Siv, owner and CEO of the Clean Group informed that their cleaners are trained to clean as per the standard set out by the National Safety and Quality Health Service (NSQHS) Australia. NSQHS is releasing time to time guidelines to maintain strict hygiene standards and to prevent the spread of infection in medical premises. Clean Group?s technicians are up-to-date with it.

Clean Group carries out daily deep cleaning to GP, medical, cosmetic, dental, and healthcare centres and surgeries. Along with all, they are now also providing Deep Cleaning Services at veterinary centres, chiropractic clinics, holistic therapy centres and more. Clean Group is also able to provide specialist cleaning services for contamination and sanitation cleaning requirements, including Emergency Cleaning Services.

Clean Group is also capable of conducting decontamination cleaning by including the ULV fogging equipment and industry recommended disinfectant in the cleaning services. This inclusion is especially useful in care homes, schools, and medical centres which are under huge risk in the present situation. As they informed these places are prone to spread of viruses, bacterias etc, including norovirus, MRSA infection and especially COVID-19.

Clean Group Medical Cleaning Services or COVID-19 Cleaning offers Deep Cleaning Services For Hospital and Medical Centre. This particular service includes Floor Cleaning and Maintenance, Contamination Cleans, Trauma Cleans, Full Sanitation Cleans, Machine Cleaning, High-Level Cleaning, Staff Areas Cleaning, Public Areas Cleaning.

Along with Medical Cleaning Services normal Deep Cleaning Services will be also provided such as Window Cleaning, sanitization and repairing of lifts, Carpets and Upholstery Cleaning, Cleaning office equipment and work station surfaces, Removal and disposal of refuse from the site, Cleaning bathrooms, sinks, toilets, urinals, Emptying and sanitising rubbish and recycling bins, Restocking washroom consumables, Cleaning stainless steel and other special surfaces, Floor cleaning, mopping, drying, sweeping refinishing and polishing. As per their services the cleaning services also include COVID-19 Cleaning and hygiene railings, light switches, doorknobs, door handles, window sills, toilet seats, and more.

Suji Siv also highlighted many things that make Clean Group stand out among other Medical Cleaning companies. First of all, they use cleaning methods that are really effective, they are having around 20 years of incomparable experience, they use the Government Approved tested chemicals and they are well-versed in the cleaning techniques that can provide the required result in time. Along with it, they can also use high-quality cleaning solutions and equipment. These solutions have been certified by the various government authorities and considered to be safe for children and the environment.

As per the details provided by the Clean Group at first, the basic cleaning process will be conducted and then detailed and specialized Covid-19 Cleaning, Disinfection and Protection Shield cleaning will take place. This two-step process will kill all the viruses, bacteria, germs, and other surface contaminants and then it can also prevent the spread of the same.

The CEO of Clean Group earlier mentioned that during the Hospital and Medical centre Cleaning their crew will be suit up in the most advanced personal protection gear and this gear will be immediately disposed of after the compliance of job. Thus it will keep their staff as well as others safe and protected from the spread of viruses. Their staff has been trained according to the specific government guidelines and they will take care of all the safety and protective measurements.

Just as a reminder, Clean Group is a Sydney-based reputed commercial cleaning company that provides high-rated services at various places such as gym, strata, school, office, hotels, restaurants, hospitals and other premises. And with the Clean Group Medical Cleaning Services, they are offering deep Cleaning Services For Hospital and other Medical premises. By adding these services Clean grout is really setting an example that it is ready to adopt the new situation and meet even the most challenging cleaning concerns that almost every sector is facing today.
