Mobility City of Lake Co. Receives 5 Star Review

September 11, 2020

September 11, 2020 -
Mobility City of Lake County receives 5 star review - this was announced with pride by the company, based in Grayslake, IL, that sells and rents new and used mobility equipment such as wheelchairs, lift out chairs, mobility scooters, power chairs, and more, to help the injured, the elderly, and disabled persons, whether young or old. The customer had rented a mobility scooter from the company and was very pleased that her 93 year old father was able to enjoy an afternoon with them in a local forest preserve.

Anne P., the customer who gave the latest five-star review, said, ?I can?t say enough positive things about Kevin. I wanted to rent a mobility scooter for my 93 year old dad, so we could go on an outing for the afternoon. I had lots of questions and concerns. Kevin, was informative, patient, and professional. I highly recommend him and his business.?

The company can also provide repair services for mobility equipment and will even go the home of customers if they are unable to go to the store. Some examples of equipment that they sell and rent and repair are: mobility scooters, wheelchairs of all sizes, lift out chairs, knee scooters, rollators, including standing rollators, hospital beds and hoyer lifts. Thus, whether the need is short term, as when recovering from a surgery or injury, or long term, they have solutions for everyone. They service Lake and McHenry Counties in IL, and also service north to Milwaukee and west to Madison, WI. Those who would like to know more about the company may want to check out their latest press releases that can be found at https://www.pressadvantage.com/organization/mobility-city-of-lake-county.

An important service offered by Mobility City of Lake County is mobile product rental. They provide both short- and long-term equipment rental options. It is possible to rent by the day, week, or month, and they can often deliver the mobility equipment to the customer?s location. For temporary needs, they can offer for rent a wheelchair, mobility scooter, lift chair, rollator, hospital bed, or knee walker. They also carry bariatric wheelchairs and mobility scooters. And for those who would like to have their own mobility equipment, the company offers a rental-to-own conversion program.

And in the event that the mobility equipment malfunctions, the company offers flat rate repairs with a Mobility

City technician going to the customer?s home. Important factors that make their repair service include the fact that they offer: complete in-home repairs; flat rate service fees instead of hourly fees, which means lower charges; and repair of scooters, lift chairs, wheelchairs, and more. Furthermore, their technicians are capable of servicing all brands.

Mobility City of Lake County also provides battery replacement for mobility scooters. This particular service offers five benefits. First, they will go to the customer and service the scooter on site. They will replace the dead batteries with new batteries with warranty. They will handle the disposal of the dead batteries in an environmentally free manner. They will check the battery charger?s performance. And they will provide a sanitary wipe down for the mobility scooter.

Another important service that they can provide is cleaning and sanitizing of mobility equipment. They will use steam instead of chemicals for sanitizing. Steam avoids damaging fabrics and steam at 212 degrees is capable of killing 99.9 percent of bacteria.

They also sell mobile products in which they provide delivery, set-up, training, and warranty support. Their experienced and knowledgeable staff will provide the customer with expert guidance on the best possible product that will be appropriate for their specific needs. They will consider various factors such as age, disability, weight, height, and sex. They also offer the best quality brands at highly competitive prices and they can also sell pre-owned equipment.

Those who are interested in the mobility products and services offered by Mobility City of Lake County may want to check out their website or find Mobility City on Facebook. They are open from Monday to Friday, from 8:00 am to 5:00 pm, and on Saturdays, from 9:00 am to 2:00 pm.
