

# Best Columbus Pest Control Hires New Staff

*September 09, 2020*

September 09, 2020 - PRESSADVANTAGE -

Best Columbus Pest Control has been offering Franklin County reliable pest control services for over a decade now. The company has a lot of high star reviews online and are known in the community to be very effective and affordable with friendly and helpful staff. Their team of exterminators have all been professionally trained on how to treat every species of pest in the area. They can handle any pest infestation they are challenged with.

The company recently announced the hire of a new exterminator on their team. Their staff welcomed George Beuler to the team last week. The president of the company said in the company's monthly meeting, "Please help me welcome George Beuler to the team. George has been in the pest control industry for over ten years and has a ton of experience in the field. He has a great work ethic and has a great can-do attitude. I know he is going to be a great addition to the team."

They offer a bunch of services like custom treatments, routine checkups, and emergency responses. Their custom treatments are great because each treatment is specifically designed for the individual pest it is meant to treat. The company says that these treatments ensure the most reliable and quick results.

Their routine checkups are also great because they prevent infestations from ever happening in the first place. Their team of exterminators will go to the target property and take all of the necessary preventative steps in order to protect the property from future infestations. Finally, their emergency responses are great for when people are faced with dangerous situations involving wild or distressed animals and pests.

The company has a lot of trust in the community as being one of the most reliable pest control companies in the area. They have a lot of high reviews so if people think they have a pest problem they should contact Best Columbus Pest Control. They can be reached by phone or on their website at <http://bedbugscolumbusohio.net/>. Their hours are 9 a.m. to 5 p.m. on weekdays and from 9 a.m. to 3 p.m. on Saturdays. They are closed on Sundays.

An employee of the company recently said, "Pests have been on the rise here recently. They can take over an entire property in one night so if people have a pest problem they should contact them immediately."
