M Brace Frisco Orthodontics Visited By Influencer

September 11, 2020

September 11, 2020 -
Frisco, Texas based mBrace Frisco Orthodontics was recently featured in an article by a prominent social media influencer, Breshell West, on her widely read regional blog. mBrace Frisco Orthodontics provides their stellar services to residents of the Dallas/Fort Worth area and the surrounding communities.

Regarding Breshell West?s visit, Shireen Irani, the founder of mBrace Frisco Orthodontics, says, "We had a great time with Breshell. Her love of Friso and its community matches ours so we were proud to be featured in her recent article. We always welcome new ways to become personally connected in the community."

In her blog post, Breshell takes a look at mBrace Frisco Orthodontics and their place in the local community. Her blog post reads, ?This past week, we had the privilege of meeting with Dr. Shireen and her team at mBrace Orthodontics! One of the first things I noticed upon arrival was that this wasn?t your typical orthodontist office. From the incredibly welcoming staff to the bright fun colors and boutique environment ? this office made you truly feel comfortable in the space.?

Breshell?s blog post continues, ?Dr. Shireen wanted to establish her practice in an area that was vibrant, had diverse cultures and was growing at a rapid pace. With Frisco checking all of those boxes (and more), she decided to open up mBrace Orthodontics on the corner of Eldorado and Hillcrest Rd several years ago. Being a mother herself, she wanted to make a larger impact in the community around her, especially for other women. Frisco Moms Care is a 501(c)(3) nonprofit corporation devoted to enhancing the community through local service projects, promoting hospitality and goodwill through acts of kindness and providing socialization among a sisterhood of moms. This local nonprofit is very close to Dr. Shireen?s heart, and they?ve been able to partner together by donating free orthodontic treatments to their fundraising auctions in which all proceeds assist local struggling mothers.? The full blog post can be found on Breshell West?s website.

mBrace Frisco Orthodontics?s services have earned them universal praise from all of their patients, a factor that weighed heavily in the events that brought them to West?s attention. On the Google platform, the Frisco orthodontist has a perfect rating of 5 out of 5 Stars. In their recent review, Sai Polavarapu says, ?I went to big names around the city, but only Dr. Irani made sense to me. Her treatment plan was spot on. It started for my

daughter, but I liked her so much that I continued my treatment with her too. The staff is incredible too. I am super pleased with the clinic, the staff, my treatment and the whole experience.?

Meanwhile, in another review, Chriszelda S. says, ?Dr. Shireen and her staff have been amazing since day one. We went with my son for a consultation and, before leaving, we had decided on a treatment plan to start his orthodontist process. Very knowledgeable and passionate about her patients and results. Her staff as well are knowledgeable and caring with each family and patient. My son's procedure was smooth and easy. My daughter even went in for a new patient consultation so we can stay ahead of the process. My kids feel very comfortable and happy with staff, and so do I. Hands down the best place to go for your orthodontist needs.?
