The process of booking a dumpster is quite simple, consisting of five steps. The first step is to choose the dumpster size needed. PDL Waste Solutions has a number of options available, with customers being able to choose between a 10, 15 or 20 yard option. The second step is to select a delivery and pickup date, and then they can move on to the third step where they are prompted to enter their contact, delivery and payment information. After the payment is processed, customers receive a confirmation receipt via email. Finally, a few days before the delivery date, PDL will get in touch to schedule a convenient delivery window.
