Miami, Fla. ? Awards Trophy World is a well-known provider of promotional merchandise in Miami, FL. In an effort to help their community remain safe, they recently provided health and safety supplies for Miami SURGE teams to deliver to households in COVID-19 hotspot Miami-Dade areas.

?SURGE? is an acronym for Strategic Unified Response to Guideline Education. Miami-Dade County has recently sent three SURGE teams to Allapattah, Little Havana, and the city of Homestead to help stop the spread of COVID-19. While in these towns, the teams visited over 70 homes a day, delivering masks, gloves, and education regarding the virus. The idea is for these teams to deliver to areas with high rates of positive coronavirus cases.

Awards Trophy World sought to be a part of this commendable effort to keep their community safe. They provided an astounding 90,000 surge bags that made their way throughout Miami-Dade County. Each

recipient of a surge bag received health and safety equipment, as well as education on preventing the virus and how to use the equipment. Education is a major part of the SURGE team?s efforts. They see great importance in not only giving people what they need to prevent the virus but also teaching everyone how it works and why it is important to utilize the equipment. This education is passed on in the form of pop quizzes in order to see what the individual knows about viral spread prevention.

Awards Trophy World could not agree more with this method and is elated to have the opportunity to contribute to the cause. They express this by stating: ?We are proud to say that Awards Trophy World recently provided 90,000 COVID Surge Bags that were dispersed through-out Miami-Dade County. These kits are helping our neighbors stay safe!?
