September 23, 2020 - PRESSADVANTAGE -

Ooltewah, Tennessee based Knives Ship Free (KSF) is proud to announce the upcoming launch of the Spyderco SmallFly 2 Butterfly Knife. Knives Ship Free is dedicated to providing knife enthusiasts an easy to access and convenient location to buy all kinds of knives and knife accessories from a variety of manufacturers.

J. Rouch, a representative for Knives Ship Free, says, "If you are a fan of Filipino butterfly knives, you'll be glad to know that we have some great news for you. Spyderco's unique take on the butterfly knife is back, and it now has a new profile. This is easily one of the best options for anyone who is looking to purchase a beautifully crafted, brand new butterfly knife."

Unlike the previous iteration, the Spyderco SmallFly 2 Butterfly Knife's blade is a full-flat-ground drop point in CPM-S30V stainless steel. On the other end, skeletonized G-10 scales have a comfortable peel-ply texture and nested stainless steel liners underneath making for an excellent handle. Spyderco's trademark round hole can be found at the end of both handles, maintaining their iconic theme and helping improve the speed and balance of the knife's rotation. The handles lock together using a spring-loaded latch, and both handles have ambidextrous mounting points for the deep-carry wire clip.

With a closed length of 4.50", an overall length of 7.60" and weighing only 3.3oz, the Spyderco SmallFly 2 Butterfly Knife is also a very compact knife. The blade's length is 3.37", and it has a cutting edge of 3.0", making this a good choice for anyone looking for a small, but well made Filipino butterfly knife. Though the Spyderco SmallFly 2 Butterfly Knife is not out yet, anyone who is interested in purchasing one can visit Knives Ship Free's website and enter their details to ensure they are alerted as soon as the knife is available for purchase.

J Rouch says, "At Knives Ship Free, we are dedicated to providing only the best knives for the knife enthusiasts out there. Whatever popular brand of knife you want, you can rest assured that Knives Ship Free has it. If that's not enough to convince you to buy your next knife from us, all our knives are also shipped free - just like it says in the company name." KSF almost feels like a family with their service, regular emails and customer service. KSF brings a great personal touch to purchasing knives.
