Zionsville, Indiana - September 23, 2020 - PRESSADVANTAGE -

Zionsville, Indiana based Reindeer Auto Relocation is reaching out to reassure the community that their shipping services will continue to be available all throughout the US for the foreseeable future. Despite the pandemic, the company is confident that they will be able to deliver the high standard of service their customers expect.

Terry, a representative of Reindeer Auto Relocation, states, "We wanted to reach out to our customers all across the US and let them know that we continue to offer our services despite the pressing circumstances and difficulties caused by the current COVID-19 pandemic. We have taken all precautions necessary to ensure the safety of our employees, customers and drivers, allowing us to continue shipping and traveling all across the country with minimum inconvenience."

Reindeer Auto Relocation is one of the most popular car shipping companies in the US. With over 20 years of experience, the company has dealt with all kinds of vehicles in different situations, and this has taught them how to handle all care requirements for vehicles of all makes and models to avoid damage. This attention to detail is what has earned them a distinguished reputation as a reliable car shipping company, and they stand

above their peers for their transparency and highly-customizable car shipping options (which allow customers to choose the best-fitting alternative depending on their vehicle and associated needs).

The company's car shipping options include Open or Enclosed Vehicle Transportation, Domestic and International Car Shipping, Logistics and Freight Transportation, Same Day Vehicle Pickup and Delivery and Door-to-Door Car Shipping. The cost of shipping varies according to the vehicle's size, make and model; the location of the delivery pick up and drop off; and the time of the year. The Reindeer Auto Relocation company offers free quotes and consultations for all of their shipping services, protecting their customers and allowing them to build a budget for their travel plans.

Terry says, "While it may seem pretty straightforward at first, there is a method to determine the cost of shipping a vehicle. Of course, larger vehicles are more expensive to ship, but this is only one of the factors at play when we offer quotes to our clients. We will help you understand the whys and hows of the quote offered for the shipping of your vehicle in a no-compromise, no-worries consultation. Our extensive knowledge and experience allow us to deliver pretty much any vehicle, in any condition, all across the country with the guarantee that you will receive it as impeccable as the day you left it under our care."

As one of the most popular car shipping companies in Indiana, Reindeer Auto Relocation possesses several customer reviews that attest to the excellence of their shipping services. On the Google platform, the company has received over 170 customer reviews, the majority of which are satisfied clients sharing their positive experience with the shipping company.

One of their most recent customer reviews on this space, written by Sydney Little, says, "We had a very good experience moving our Mazda 6 from Georgia to Oregon. We researched several services and had seen several nightmare stories across all of the different companies and were worried that we would have a bad experience regardless of who we chose. Our actual experience was great. Communication was very good, including setting up the transport, both the pickup driver and delivery driver calling to arrange times. Both drivers showed up at the agreed times, and my car arrived without any damage. Would use them again and would recommend to friends and family."

Another review by Danny Collin states, "Reindeer was recommended to us by Atlas Van lines. The people at Reindeer were professional and responded quickly to my questions via the phone and emails. Their email status updates were very helpful. The car arrived at our new home on time as scheduled. The driver was not able to deliver the car directly to the house. However, he drove the transported vehicle and followed my wife to the house, and my wife drove him back to the transport rig. Very professional and courteous."
