Shahrokh is not the only to have left a No Payne Roofing customer review praising the company. A customer named Larry says, ?I had the shingles replaced on my house and garage along with new vents. The owner, Mike, was very professional and easy to deal with. At no time did I feel any pressure to make a decision that I wasn?t ready for, unlike other companies that pressured to make a deal right on the spot. He also kept me in the loop the entire time as to what was happening. During the install days, his team was polite and worked hard. In the end it looked great! I will definitely be using these guys for future work.?

Another customer, Cody, says on the Google platform, ?Mike was a pleasure to deal with, the only one who took the time to sit down with me and explain the process and go over any concerns I had. I had received other quotes but felt I was in great hands with Mike and his team. They did an excellent job on my roof at a very competitive price. My roof looks great and I will be recommending his services to friends and family. Thanks again, Mike and team.?
