

Solana Beach Dentist Invites Community To Meet Their Founders And Practicing Dentists

September 23, 2020

September 23, 2020 - PRESSADVANTAGE -

Solana Beach, California based Solana Family Dental is encouraging the members of their community to read their latest blog post where they can meet the founders of the dental practice.

Elan Weinstein, a representative of Solana Family Dental, states, "We thought that it may be a good idea to present our practicing dentists as well as the founders of the practice to the wider public. We have also taken steps to include the history that lies beneath it all in our latest blog post. Offering personal treatment has always been a fundamental part of our practice. We hope that by getting to know our dentists as people, some members of the community will overcome their hesitation and choose us for their next dental appointment, giving us a chance to prove why we are known as one of the best dental practices in Solana Beach."

Solana Family Dental was founded by Dr. Wanda Kauffman, a former Solana Beach dentist who has since retired, leaving her daughter, Dr. Michelle Sandler, in charge. This partnership served to benefit the community greatly, as the duo's combined expertise allowed them to deliver services that made a significant difference in the lives of their patients. While Dr. Kauffman does not practice dentistry anymore, the practice

still maintains similar values, offering a wide range of high-quality dental care services, complemented by a dedication to customer service that guarantees the most advanced dental treatments for their patients.

Weinstein states, "Both Dr. Sandler and her mother before her have been practicing dentistry in Boston since their graduation, having worked together for over 16 years. While their moving to San Diego is relatively recent in comparison, they carry over all of the expertise and knowledge of working together throughout all of those years. In their new practice, they are fully committed to giving the residents of North County Coastal and its surrounding area the service they will surely be pleased with. They focus on conservative, comprehensive and soothing dental care in and around Solana Beach."

On top of their experience and commitment, the Solana Beach dentists stay up to date with the latest developments in dental medicine, material, equipment and treatment concepts. This allows them to bring local residents the high quality dental care services they have come to expect at an affordable price.

The local office also counts on another Solana Beach dentist, Dr. Charlotte Etesse. She is known to be a warm and compassionate general dentist who joined the dental care center after previously practicing dentistry in Los Angeles. She graduated from the University of California, Los Angeles with a bachelor's degree in Physiology and chose to continue her dental education there, receiving a Doctor of Dental Surgery (DDS) degree from the UCLA School of Dentistry. She graduated Cum Laude and received several departmental awards and honors. She then furthered her post-doctoral education by completing a one-year dental residency at the Veterans Affairs Hospital in Long Beach. Learn more here: [Solana Beach Dentistry](#).

Beyond her clinical and academic achievements, patients mostly know Dr. Etesse for her caring nature and friendly personality. She takes a conservative approach to dentistry, with an emphasis on preventative treatments, and makes her patients' comfort a priority. She enjoys staying ahead of current dental trends and actively seeks opportunities to continue her education. All of her qualifications help identify Dr. Etesse as one of the best dentists currently practicing in California, and she is a perfect fit for the passion-driven knowledgeable dentists of the local Solana Beach office.

Solana Family Dental offers a variety of services, allowing the local community to rely on them for anything from the simplest checkups to the most complicated procedures. Some of the dental care procedures carried out at the local office include Cleaning and Prevention, Cosmetic Dentistry, Invisalign® and Clear Correct, Periodontal Disease, Restorations, Family Dentistry and Teeth Whitening.

The company's website offers more details on Solana Family Dental and their services. Interested parties may reach out to Elan Weinstein to follow up on any inquiries as well. Additionally, patients may connect with

the clinic through their official Facebook page. Their website can be found here:
