September 22, 2020 - PRESSADVANTAGE -

Danielle of Real Pro 77 recently announced that the OurNewHomeRebate.com team, based in Central Florida, is offering private and confidential buyer representation services to clients interested in owning a home at Ardmore Reserve in Minneola.

Danielle Wilson has previously provided client representation and consultation at numerous exclusive locations throughout Central Florida and Ardmore Reserve is a natural continuation of that standard.

Nestled between Clermont and Winter Garden, Florida, Ardmore Reserve in Minneola is one of Central Florida's best kept secrets.

"You couldn't ask for a better place to call home?. This community has it all,?" says Danielle.

Ardmore Reserve is surrounded by picturesque rolling hills offering a fantastic quality of life, excellent schools nearby, an amazing zero-entry resort-style community pool & cabana, shaded tot lot and convenient

access to the Minneola Florida Turnpike Interchange (2.5 miles away).

"With two incredible builders to select from, outstanding standard features and generous incentives on top of receiving a 1% rebate from my commission at closing, buyers will be kicking themselves if they don't give me a call and save thousands of dollars on their new home," stated Danielle.

Danielle and OurNewHomeRebate.com are brokered by RealPro77 of Winter Park, FL. They service all of Central Florida and every new home construction community, while offering expert service and giving back 1% of the earned commission to the buyers at closing. It's truly a win-win, she says.
