September 24, 2020 -
September 2020, Sherman, CA - During these critical times, Security Now USA, the Top Security Service Company in CA, provides 24/7 protection across all states in the United States of America.

"We've got you covered 24/7, 365 days," the company stressed.

Security Now USA aims to provide fast access to reliable security guards across the nation. To do this, Security Now USA takes pride in its pool of security guards. The company was founded by people with years of experience in security, state, and federal law enforcement/military. All of their guards, too, have a background in military and law enforcement.

Clients of Security Now USA can also keep their peace of mind since they are fully licensed, bonded, and insured. "We are licensed, bonded, and insured. All you need to think about is whether you want armed or unarmed security."

Meanwhile, the security company provides its guards for hospitals, health facilities, grocery stores, banks, hotels, construction sites, and events. The 24 Hour Security Guard Service in CA is also a known player in specialized security services such as dispensary security, maritime security, general security, temporary

security guards, and fire watch services. The complete list of their security services is all available on their official website: https://www.securitynowusa.net/.

Besides its people, Security Now USA also boasts its fast and customer-friendly online booking system. Their online booking system allows customers to book and schedule guards for their homes or businesses in just three easy steps.

First is choosing the time and location. Customers can browse and select the date, time, and place and include any special requests for their guard needs. Second, customers must choose whether they need armed or unarmed security guards. And lastly, customers can track and manage their hired guards.

"There is no one out there that can do better than us when it comes to providing tight and advanced security services. In fact, we have rolled out an app exclusively for our clients, which allows them to monitor and communicate with their security guard in real-time," the Best Private Security Company in CA adds.
