September 24, 2020 -
September 2020, Beaufort, SC - Carolina Carpet Cleaning, the Best Residential Carpet Cleaning Services in Beaufort, SC, is underlining the natural power of carbonation on its services.

The Beaufort-based cleaning company utilizes carbonated cleaning solutions that are safe for humans and the environment. This cleaning process is known as clean and green and requires less water than typical steam cleaning. The method also does not require excessive water or harsh chemicals and works harder than most chemical-based carpet cleaners. This environmentally-safe process does not need carpets to be soaked with the carbonated solution; therefore, the time for carpet to dry is only one hour.

"Our cleaning process uses a carbonated cleaning solution resulting in no sticky residue left behind on your carpet. This prolongs your carpet's life keeping the carpet's original luster, unlike traditional steam cleaning that can damage the integrity of the carpet pile," the company stressed.

Aside from prolonging the life of the carpet, carbonation also leads to a longer-lasting clean. The Professional Carpet Cleaning Services in Beaufort, SC also adds: "Our home cleaning services are designed to give you

the peace of mind you deserve and the time you need to enjoy your life and loved ones." And that's what sets them apart from other South Carolina carpet cleaners.

Meanwhile, the five-star rated carpet cleaning company has been serving SC since 1993. They serve clients in Beaufort and surrounding local areas such as Bluffton, Hilton Head Island, Savannah, Ridgeland, Hardeeville, and surrounding areas. "The key to our success and total customer satisfaction is consistency," according to Kevin Snow, the owner of Carolina Carpet Cleaning.

The company delivers top-notch carpet cleaning and upholstery cleaning, tile and grout cleaning, and oriental rugs cleaning. The company also caters to special services such as pet odor removal and auto, boat, and camper interior cleaning.
