

Mobile Party Solutions Extends Inflatable Rental Service Area to Several Places in Alabama and Florida

October 05, 2020

October 05, 2020 - PRESSADVANTAGE -

Mobile Party Solutions, based in Loxley, Alabama, has announced that they have just extended their inflatable rental service area to Spanish Fort, Robertsedale and Foley in Alabama, and in Pensacola, Florida. The company delivers inflatable rentals for parties and other events. Customers can choose from a wide range of inflatables, including water slide rentals, bounce house rentals, inflatable games rentals, obstacle course rentals, concessions, combos, and more.

Ryan Whitehouse, owner of Mobile Party Solutions, says, "We're dedicated to bringing you the largest selection of inflatable rentals to choose from. Your party is unique, so we make it easy to customize your fun by choosing from a full selection of bounce house rentals, water slide rentals, obstacle course rentals, inflatable games rentals, and more! The possibilities are endless! In fact, with so many choices, you may find it difficult to narrow them down. No matter what kind of event you're planning, you can rest assured that when you choose to partner with Mobile Party Solutions, it's going to be one to remember. Our dedicated and experienced team is here for you every step of the way, let us help you pull off the event of the year and show you why we're the number one choice for inflatable rentals in Mobile AL."

Bounce houses offer a great way for people to have fun during parties and other events. This is especially fun for the children because they love to bounce but it also for people of all ages. The bounce house rental is just one of the fun carnival-like options for birthday parties and other events. More information about this can be gleaned from the Mobile Party Solutions Facebook page at <https://www.facebook.com/mobilepartysolutions/>.

They are also great for fundraisers and other community events. While fundraisers can mean a lot of work for organizers, it is made easy with bounce house rentals. Fundraisers will often require a lot of work, such as monitoring the sales and inventory, particularly when selling physical products like drinks, chips, or cookies. And the worst part with the conventional fundraiser is that the distributing company may actually be gaining more profit than the organization or school who set up the fundraiser. On the other hand, a bounce house

rental will allow the organizer to generate profits while guests and families will be having a lot of fun. There would be no need to worry about cleaning up after the event or storing various equipment and unused supplies. Mobile Party Solutions will be taking care of the bounce houses and other inflatables.

The water slides, just like the bounce houses, also offer a great way to enjoy a party or any other event. Mobile Party Solutions offers a wide selection of inflatable water slide rentals. These giant inflatable slides are appropriate for outdoor events, especially during the warm weather months. They are great for birthday parties, graduation parties, cookouts, and even corporate events. And even with the summer season having ended, it is still water slide season for places with warm climates like South Alabama and Florida. Children and adults will enjoy feeling cool and refreshed while sliding down the water slides, enjoying the thrill of sliding down and then splashing into a cool pool of water.

Another option for allowing guests to have fun during parties and other events is to rent inflatable dry slides from Mobile Party Solutions. The dry slides can even be paired with the yard games to allow the guests to choose the kind of game that they prefer. Yard games options include the air hockey table, Alabama cornhole, Auburn cornhole, dual lane axe throw, electronic dartboard, ESPN arcade foosball table, Galaga/Ms Pac-Man video games, giant checkers, giant chess, giant Connect 4, giant Jenga, mega cup toss, ping pong table, and Pop-a-Shot.

Those interested in inflatable rentals for their next party or event may want to check out the Mobile Party Solutions website, or contact them through the telephone or via email. They can also take a look at their Instagram page at <https://www.instagram.com/mobilepartysolutions/>.
